STATE ACCEPTS BID FOR WORK ON ROUTE 100

Improvements Slated
On 4.65 Mile
Stretch

MARKS FOURTH MAJOR HIGHWAY JOB IN AREA

A fourth major contract for highway work in the Pottstown area has passed the bidding stage, it was announced yesterday by William F. Lamb Sr., president of Pottstown Automobile Club.

Low bid for work in relocating and improving a 4.65-mile stretch of Route 100 from Bally south to New Berlinville was \$511,839.

The bidder was Pontz-Hess incorporated, Lititz, Lancaster county.

The bid results were announced the day after Lamb learned that the low bid on the relocation of Route 100 through Pottstown, including a new Schuylkill bridge, was \$3,381,000.

With the latest bid, the State Highway department now is committed to doing highway work in the Pottstown area costing \$4,874,425. Much of the labor for these projects will be recruited from the Pottstown area, Lamb pointed out.

THE TOTAL includes the contract for \$781,586 awarded H. Worthington, Line Lexington, Bucks county, for improving 6.74 miles of Route 29 from Zieglerville to Red Hill, the last narrow, bumpy stretch of Route 29 in the Pottstown area.

Lamb, who has been working for all three of the projects for years, reported that at Route 29, detour signs and barriers already are up, and machinery is being moved in.

He noted that the \$4,874,425 total does not include the \$439,214 project of widening Route 100 for five miles in North and South Coventry townships.

Lamb said that H. Worthington, who was awarded this contract is well ahead of schedule on it. The work was to be completed by July but is nearly finished now.

THE BALLY-New Berlinville improvement of Route 100 will include a relocation of the present narrow macadam road southeastward between Bally and Bechtelsville.

Pleasant Weather Returns to Town, But Beware Rain

Pottstown enjoyed a typical Indian Summer afternoon yesterday. Friday shoppers didn't have to worry about bulky overcoats and hot felt hats, or umbrellas and overshoes. All these nuisances could be left at home.

There wasn't a sign of unpleasant weather to come, either. The sky was an unclouded blue in which the mellow sun shone like a bright copper coin.

The only suggestion of cloudiness was a hazy smog that hung in the low spots of the area.

WHILE IT was cool enough in the morning, with a low of 34 at 6 a. m., the mercury climbed to a pleasant 54 by noon.

From then on to 8 p. m., it stayed above the 50 mark, with a high of 63 at 3 p. m.

It was warm enough to start vegetables growing in one garden in the area.

Emma Brunner, 13-year-old Spring City RD 1 girl, said last night that she has red beets, lettuce and radishes growing in her little patch.

"I picked six good-size radishes today," she revealed, "and we've been picking lettuce for several days."

WHETHER the easy-going atmosphere can continue much longer, though, is a good question. (Continued on Last Page)

Mercury Gains Top Circulation

The Pottstown Mercury now is the largest newspaper in Montgomery county.

The Mercury reached the top by increasing its paid circulation an average of 1000 copies a year for the past seven years.

Here are the latest figures on paid circulation:

Pottstown Mercury . . . 21,487
Second Paper 20,939

These figures are based on quarterly averages, for the period of July 1 to Sept. 30, 1953. The source for the figures is the Audit Bureau of Circulation's Publishers' statements ending Sept. 30, 1953.

Evidence that The Mercury is still growing was provided by yesterday's unaudited circulation figure of 21,927.

THE FIRST copy of The Mercury was published on Sept. 29, 1931. Its circulation, of course, started from scratch.

In 1933, The Mercury acquired the Pottstown Daily News which was founded in 1888.

By 1940, The Mercury's cir-

culation had reached 13,741. The highest circulation that any other newspaper in Pottstown had ever reached was 9100.

The Mercury maintained a steady growth through the years, but in 1946 began the climb that brought it to the top.

In 1946, The Mercury's circulation passed the 15,000 mark. Early in 1952, it passed the 20,000-circulation milestone.

THE DISTINCTION as Montgomery county's largest newspaper is the latest in a series of distinctions it has won.

Among others won by The Mercury in recent years are:

Hospital Reports Confessed Bigamist May Be Released

Neil Steinbraker, of 1128 High street, 26-year-old confessed bigamist, is expected to be released from Pottstown hospital "in a very short while," hospital authorities reported yesterday.

Steinbraker's back ailment is not serious, and he was able to be out of bed yesterday, the authorities added.

He was taken to the hospital Wednesday night when he fell down steps in borough hall while being led from a hearing to a basement cell. Steinbraker said the fall aggravated a back injury suffered in the Army.

At the hearing, he was ordered committed to Montgomery County prison in default of \$1500 bail set by Justice of the Peace, Raymond C. Kelley, of the Second ward.

Steinbraker has admitted marrying a Pottstown young woman the past May when he was still married to a New York city woman, by whom he had a son, now 3.

The Pottstown woman announced Thursday she was seeking an annulment. She had not known of his previous marriage.

Released From Hospital

Edward S. Howard, 530 Chestnut street, was discharged yesterday from Memorial hospital, where he was admitted 12 days ago because of a muscular heart condition.

Howard has been an employee of the Pottstown Plating works for more than three years. He and his wife, Mabel B. Howard, have one daughter and two grandchildren.

Holds Church Record

Mary A. Mertz, parish secretary of Emmanuel Lutheran church, will be honored there tomorrow for 51 years of perfect Sunday school attendance. Her record, longer than that of any other member, includes no excused absences for sickness or other reasons.

Miss Mertz is a veteran teacher in the church school and a former teacher in Pottstown public schools (until her retirement in 1946). She became parish secretary of the church in 1947. Here she is shown at work in the church office.

The other children rescued were Stanley Jr., 11, and Antoinette, 6.

The results of the tests, released yesterday by Borough Manager Horace B. Gulden, claim that both Loomcraft Flocks incorporated, Penn street, and the Spicer plant are committing violations.

At Gulden's request, prompted by numerous complaints from residents in the area of the two plants, Steele conducted tests at the plants during ten working days.

These are the results, according to Steele: Loomcraft was guilty of 20 infractions in ten days; Spicer's was guilty of seven infractions in ten days.

ALL OVERCOME BY COAL GAS IN AREA HOME

By FRED C. SELBY
(Mercury Staff Writer)

A conscientious young Pottstown area man who is paid for driving children to school saved a mother and her five young children yesterday from being killed by coal gas that was flooding their home.

Samuel P. Fox, Huff's Church, Barto RD 1, a bachelor, drives five children to school by automobile to Topton High school each morning, then drives two children of Mr. and Mrs. Stanley Kowalski, Barto RD, to the parochial school of the Church of the Most Blessed Sacrament in Bally.

Yesterday morning, after the drive to Topton, the 25-year-old Fox made his usual stop for the Kowalski children. The agreed-on stopping point is at the end of a side road leading to the Kowalski home.

The two young children weren't there. Fox waited awhile, then made his choice between driving without the children to Bally, where he works as a mechanic in the garage of James S. Quigley, or driving the quarter-mile up the side road to the Kowalski house.

Fox drove up to the Kowalski house.

"MRS. KOWALSKI came to the door and said the children were all crying and she didn't know what to do," Fox asserted. "She could hardly stand up herself."

Fox headed for the nearest house with a telephone and from there tried to call a doctor. Not being able to get through to a doctor on the 'phone, he started back toward Bally to get help.

On his way to Bally, he stopped at the Kowalski house. "When I came back," he said, "they had all passed out, the mother and the five kids."

Fox sped back to Quigley's garage, and with the help of A. W. Thomas and Quigley, contacted Dr. Joseph L. Radai, Bally physician.

Dr. Radai, who was accompanied in his car by Fox, said, "When he arrived, they were all unconscious and stuporous. They were really in bad shape."

"The house was flooded with hydrogen sulfide (and carbon monoxide, which you can't smell) from cellar to attic."

"We threw open all the doors (Continued on Last Page)

Two Plants Violating Soot Ordinance According to Tests Made by Borough

Two plants in the borough are violating the soot ordinance, according to a ten-day test made by Borough Health Officer Benjamin C. Steele.

The results of the tests, released yesterday by Borough Manager Horace B. Gulden, claim that both Loomcraft Frocks incorporated, Penn street, and the Spicer plant are committing violations.

At Gulden's request, prompted by numerous complaints from residents in the area of the two plants, Steele conducted tests at the plants during ten working days.

These are the results, according to Steele: Loomcraft was guilty of 20 infractions in ten days; Spicer's was guilty of seven infractions in ten days.

THE TESTS are conducted in this way. The health officer used a Ringlemann chart. This chart has six slots in it, each slot covered by a darker shade of grey cellophane, from white to black. Through these slots, the viewer watches the smoke coming out of a chimney. He then varies the slots until the shade of the cellophane and the shade of the smoke are the same.

The slots are numbered from one to six. According to the borough ordinance, firms are allowed to give off smoke of a density of chart number 2 or less for 12 minutes each hour.

They are allowed to give off a smoke of more than density 2 for only eight minutes each hour. Steele made 33 observations of smoke at the Loomcraft 33 times during the test days.

He made 26 observations of the Spicer plant smoke. The fine for violating the ordinance is to be not more than \$100, with each day's violation constituting a separate offense.

Gulden said he would send the two firms letters which would include the health officer's observations.

ALL OVERCOME BY COAL GAS IN AREA HOME

Fumes Flooded
House Near
Barto

By FRED C. SELBY
(Mercury Staff Writer)

A conscientious young Pottstown area man who is paid for driving children to school saved a mother and her five young children yesterday from being killed by coal gas that was flooding their home.

Samuel P. Fox, Huff's Church, Barto RD 1, a bachelor, drives five children to school by automobile to Topton High school each morning, then drives two children of Mr. and Mrs. Stanley Kowalski, Barto RD, to the parochial school of the Church of the Most Blessed Sacrament in Bally.

Yesterday morning, after the drive to Topton, the 25-year-old Fox made his usual stop for the Kowalski children. The agreed-on stopping point is at the end of a side road leading to the Kowalski home.

The two young children weren't there. Fox waited awhile, then made his choice between driving without the children to Bally, where he works as a mechanic in the garage of James S. Quigley, or driving the quarter-mile up the side road to the Kowalski house.

Fox drove up to the Kowalski house.

"MRS. KOWALSKI came to the door and said the children were all crying and she didn't know what to do," Fox asserted. "She could hardly stand up herself."

Fox headed for the nearest house with a telephone and from there tried to call a doctor. Not being able to get through to a doctor on the 'phone, he started back toward Bally to get help.

On his way to Bally, he stopped at the Kowalski house. "When I came back," he said, "they had all passed out, the mother and the five kids."

Fox sped back to Quigley's garage, and with the help of A. W. Thomas and Quigley, contacted Dr. Joseph L. Radai, Bally physician.

Dr. Radai, who was accompanied in his car by Fox, said, "When he arrived, they were all unconscious and stuporous. They were really in bad shape."

"The house was flooded with hydrogen sulfide (and carbon monoxide, which you can't smell) from cellar to attic."

"We threw open all the doors (Continued on Last Page)

Dedication Ceremonies Set for West End School

The date for the dedication ceremonies for the new West End school was set definitely last night for Dec. 9 at a meeting of the school authority.

The date had been set tentatively earlier, pending completions of arrangements. Horace Frederick, chairman, said that the authority members made a tour of the school last night and found it to be in top shape.

R. J. Weiser in Hospital

Ralph J. Weiser, 1088 South street, an employee of the Spicer Manufacturing division for almost 30 years, was admitted in a coma yesterday afternoon to Pottstown hospital. He has been suffering from a severe case of diabetes.

His family said the exact cause of the coma had not yet been determined. Weiser and his wife, Thelma, have five children — three daughters and two sons.

BIDAULT HAS BREAKDOWN FROM FATIGUE

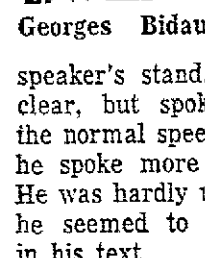

French Foreign Minister Near Collapse While Speaking

PARIS, Nov. 20 (AP)—Foreign Minister Georges Bidault broke down from fatigue while delivering a major speech before the National Assembly today in defense of the European Army plan.

His near collapse forced an interruption of the Assembly's week-long debate on foreign policy until Tuesday. Bidault is expected to be back then.

From the start of his address, Bidault leaned heavily on the speaker's stand. His words were clear, but spoken at about half the normal speed. As he went on, he spoke more and more slowly. He was hardly understandable and he seemed to be missing words in his text.

Many deputies sensed that he was in difficulty. Finally Socialist Max Lejeune got up to ask for a suspension of the session. This was granted even before Bidault seemed to realize what had happened. He started down the steps of the speaker's stand only after he saw deputies getting up to leave the chamber.

Bidault quickly was taken into Premier Joseph Laniel's office, where he was given medical attention. After a 45-minute recess, the Assembly went back into session and heard Maurice Schumann, secretary of State in the foreign office, continue the reading of Bidault's lengthy and detailed prepared speech.

No serious consequences were expected from the breakdown. Close associates pointed out that Bidault has been under severe strain during the debate. They reported he had been up all last night preparing his speech, which the Government counted on as the clincher to get a strong statement of approval for the principle of European unity.

Reuther Is Re-elected To CIO Presidency

CLEVELAND, Nov. 20 (AP)—Walter P. Reuther, who won the CIO presidency a year ago only after a showdown battle, was elected to his second term today by acclamation.

The achievement demonstrated the 46-year-old firebrand's ability to consolidate his gains in the five-million-member CIO as he previously had done in his own big auto workers' union.

Returned to office with Reuther as the convention closed were Secretary-Treasurer James B. Carey, who has held the position since CIO was born in 1936; Executive Vice President John V. Riffe and eight vice presidents—all top officers in other CIO unions.

Reuther said he was confident Mrs. Reuther's support would be a factor in his reelection.

At the same time Judge Reeves said he was confident Mrs. Reuther's support would be a factor in his reelection.

Death House Wedding Bells Ruled Out For Kidnap - Slayers by Government

KANSAS CITY, Nov. 20 (AP)—There will be no death house wedding bells for the kidnap-slayers of Bobby Greenlease.

Both Carl Austin Hall and his paramour, Mrs. Bonnie Brown Heady, have been quoted as saying they wished to be married before their date with death in the gas chamber, Dec. 18.

But the Government spiked that possibility today.

The Justice department in Washington, speaking for the Bureau of Prisons, said such a marriage would not be permitted.

With only 28 days to live the condemned pair apparently are resigned to their fate.

Hall will not appeal the death sentence imposed on the pair yesterday by US District Judge Albert L. Reeves upon recommendation of a jury which heard the evidence during a three day advisory trial.

JUDGE REEVES and Roy K. Dietrich, court-appointed attorney for the 34-year-old Hall issued a joint statement after a conference saying the prisoner would not appeal.

At the same time Judge Reeves said he was confident Mrs. Heady's support would be a factor in his reelection.

International Repercussions Caused By White Case Reference to Canada

WASHINGTON, Nov. 20 (AP)—The Harry Dexter White case brought international repercussions today.

When it became known that the Canadian Government has asked the State department about information which FBI Director J. Edgar Hoover attributed to highly placed Canadian sources.

Under questioning by reporters, a State department spokesman said Canadian Ambassador A. D. P. Heeneey called on Undersecretary W. B. Smith yesterday and "made some inquiries about the matter."

Heeneey "expressed surprise," the spokesman added, at the public disclosure that the FBI had information from Canadian Government sources in 1946 bearing on the White case.

Press Officer Henry Suydam said the department has taken Heeneey's visit "under consideration."

While testifying before the Senate Internal Security subcommittee Tuesday, Brownell read a letter which FBI Director Hoover sent to the White House in February, 1946. The letter contained several references to information concerning White "which originated with sources high placed in the Canadian Government."

Canadian Prime Minister St. Laurent told the Parliament in Ottawa the following day that he was "quite surprised to see brought out in any inquiry before a committee of Congress references to what must have been, if there was anything, confidential information communicated by a Canadian official to a United States official."

St. Laurent indicated his Government was not consulted before Brownell stripped the secrecy label from the Hoover letter.

ATTY. GEN. BROWNELL touched off a raging controversy two weeks ago when he charged that former President Truman promoted White from a job in the Treasury department to US director of the International Monetary Fund despite FBI reports that White was a Soviet spy.

While testifying before the Senate Internal Security subcommittee Tuesday, Brownell read a letter which FBI Director Hoover sent to the White House in February, 1946. The letter contained several references to information concerning White "which originated with sources high placed in the Canadian Government."

Girl's Ruse to Check On Date Ends in Fine

HAVERHILL, Mass., Nov. 20 (AP)—Catherine Yuele, 26, was fined \$25 today after pleading guilty to ringing a false fire alarm.

Police said she explained she had a date with a fireman who didn't show up—and she wanted to see if he was working.

Police didn't know if the ruse worked.

THEATER TO CLOSE

SYRACUSE, N. Y., Nov. 20 (AP)—The Asior theater, which has produced a series of legitimate plays here at admission prices ranging from 60 cents to \$3, announced that it would close its doors Sunday.

Named as defendants besides Cantor were the National Broadcasting company, Station WNET-TV, the Colgate-Palmolive-Peet company, Daniel S. Mead, and Cantor's writers and agents.

Eddie Cantor Says Cab Driver Late

HOLLYWOOD, Nov. 20 (AP)—Comedian Eddie Cantor, commenting today on a plagiarism suit by a New York cab driver for \$2,250,000, said in a statement:

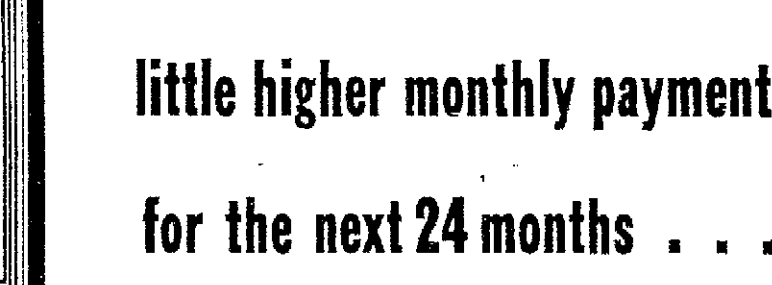

"Mr. Silverman (Samuel Silverman, Bronx hack driver) is 30 years-too late in claiming that the character of 'Maxie the Taxi' is his creation."

"On June 10, 1919, I opened in the Ziegfeld Follies in Atlantic City, N. J., and from that show documented the fact that I did a sketch entitled 'Maxie the Taxi-Cab Kid.' It was listed that way in the program."

"When I entered television in 1950 I revived this character. Mr. Silverman is 30 years too late."

The 50-year-old cabby filed suit in New York State Supreme court Nov. 18, asserting he took his own manuscript, titled "Sitting on My Meter," to the Daniel S. Mead literary agency.

Silverman said the agency told him it could not use his piece. But the cab driver asserts his sketch was televised several times on the "Colgate Hour."

US DEMANDS ISRAEL CENSURE

West Demands UN Approval of Resolution

UNITED NATIONS, N. Y., Nov. 20 (AP)—The United States, Britain and France today demanded quick Security council approval of their resolution censuring Israel for the Kibya raid in which at least 53 Arabs were killed the past month.

James J. Wadsworth, United States deputy delegate, told the council that it must accept the resolution as soon as possible to show its attitude to the Kibya incident "and the prejudicial effect which it can have on progress toward peace."

Sir Gladwyn Jebb, Britain, and Henri Hoppenot, France, seconded Wadsworth's demand.

The UN truce supervisor in Palestine, Major Gen. Vagn Bennike, of Denmark, reported to the council that Israeli military forces were involved in the raid on the Jordan village on Oct. 14.

Both Israel and the Arab countries are unhappy about the three power resolution, Israel claims it is "one-sided and discriminatory."

The Arabs assert it does not go far enough; that it should condemn Israel for the raid instead of using the lighter term of "damages to the victims."

UN diplomats pointed out that this is the first time in the history of the Palestine case in the UN that the United States has supported a resolution slapping at Israel.

The three Big Western Powers took the initiative when the incident occurred and called for Security council action on an urgent basis.

Juvenile Delinquency Investigators Hear of 'Displaced Children Specials'

WASHINGTON, Nov. 20 (AP)—California gets so many runaway children from other states that it sends whole trainloads of them back home at least four times a year, Senate investigators were told today.

These "Displaced Children Specials" were described for a special judiciary subcommittee by Karl Holton, Los Angeles county's chief probation officer, who said they cost the state around \$90,000 a year.

The subcommittee, headed by Senator Hendrickson (R-NJ), is investigating juvenile delinquency throughout the country to see what the Federal Government can do to help reduce it.

Holton said some 2000 runaway boys and girls turn up in California each year and get into trouble of some sort which brings them to the attention of authorities.

They come from all sections of the country, he said, and trains carrying them home "go east about every three months—sometimes oftener."

IN ADDITION, Holton said, California sends eastward two or three trains a year loaded with runaway children who have received mental hygiene treatment.

Holton took the stand after a husband and wife team from Harvard university described in detail what they learned from a ten-year study of 500 delinquent boys matched with an equal number who did not get into trouble.

Drs. Sheldon and Eleanor Glueck were the witnesses. Their findings added up to a conclusion that the seeds of delinquency are sown in early childhood and stem not only from poverty, in many cases, but also from a lack of affectionate parents who would give them kind but firm discipline.

Eight out of 10 delinquent children expressed belief their mothers didn't care about them, the Gluecks said, while seven out of 10 had the same view toward their fathers.

Only 21 of the 500 delinquent boys, they said, had consistently firm but kindly supervision by their parents.

For many of them, the Gluecks said, it was a matter of being hit by their father one minute and ignored by him the next so "they never knew what to expect—never learned the rules of the game."

Significantly, the witness said, many more of the delinquent boys had been given corporal punishment by parents than boys in the 'other group.'

Dealer Talks Turkey To Store's Dismay

SACRAMENTO, Nov. 20 (AP)—A local chain grocery store which had offered to exchange turkeys for abandoned icebox doors halted the project today after 4000 turkeys were given away.

The chain originally offered 1000 turkeys, the idea being to prevent deaths of youngsters trapped in the air tight iceboxes.

The store's spokesman said one junk dealer was seen selling icebox doors for a fraction of the cost of a turkey in front of one of the stores, adding:

"He was doing a brisk business. What we can't figure out is, where did he get the doors?"

SACRAMENTO, Nov. 20 (AP)—A local chain grocery store which had offered to exchange turkeys for abandoned icebox doors halted the project today after 4000 turkeys were given away.

The chain originally offered 1000 turkeys, the idea being to prevent deaths of youngsters trapped in the air tight iceboxes.

The store's spokesman said one junk dealer was seen selling icebox doors for a fraction of the cost of a turkey in front of one of the stores, adding:

"He was doing a brisk business. What we can't figure out is, where did he get the doors?"

Persecution is not wrong because it is cruel, but cruel because it is wrong.—Whately.

When Bombs Strike

MANY persons tend to think of civil defense in terms of an organization that would go into action only if an atom bomb were dropped on Pottstown.

Such persons lose sight of the much wider community values represented in the defense organization.

The Saturday Evening Post, in a recent article on tornadoes, pointed to "the incalculable value of an active civil defense" in Worcester, Mass., devastated by a tornado, and added that "it will never be known just how many lives were saved by CD's prompt, trained action."

Pottstown has an active Civil Air Patrol that will act as host to a two-county civil defense maneuver tomorrow. Montgomery and Chester county groups will demonstrate how they'd react to a bomb-attack.

Under the leadership of Pottstown's Sidney Pollock, they'll simulate a bomb damage search and will undergo evacuation and supply problem study.

The public is invited to attend these maneuvers. At the same time, the public may want to consider that more volunteers are needed if the local CD disaster relief agencies are to be prepared for prompt, trained and fully adequate assistance. Volunteers may join now.

A Bow to Mr. Lamb

POTTSTOWN is one step nearer to its hill-to-hill bridge and relocation of Route 100. (The West Chester-Boyetown pike).

Bids have been taken for the work of building the bridge from near the North Coventry High school to Pottstown near the Pottis Historical building. It will cost the State \$3,581,000 for the work.

This work will eliminate the rickety Schuylkill river bridge, two dangerous railroad grade crossings, and should eliminate a traffic bottleneck at High and Hanover streets.

For fifty or more years Pottstown has been talking about the elimination of the South Hanover street grade crossings of the Reading and Pennsylvania railroads. Pottstown has talked of hill-to-hill bridges. The argument ran hot and cold, with some South Hanover street merchants most worried about how their business may be affected.

The bridge almost is a reality now. The State department of highways has promised it will start work "before the snow starts flying." That probably (and this is wishful thinking) will be before Christmas.

When ground is broken, all Pottstown should cheer William F. Lamb Sr., who was the prime mover in the hill-to-hill project. Mr. Lamb worked hard and long to get Route 100 widened to eliminate some of the death curves in Chester county, then harder and longer for the bridge.

This bridge should be the biggest boon to Pottstown. Vehicular traffic coming from the West (Reading) and wishing to travel to the South (West Chester) will not come into Pottstown proper at all. It will take a ramp before reaching the Colebrookdale bridge and will veer off to the South.

This should eliminate traffic tieups, especially those caused by long delays at the railroad grade crossings.

Likewise, traffic from the South will cross the bridge, then by way of clover leaf will travel under the bridge and join the westward flow of traffic to Reading somewhere near the Berman garage.

This should speed the flow of traffic and eliminate tieups in Pottstown.

Mr. Lamb named a committee of Pottstonians to help him with the bridge overtures. But the truth is that he did all the work himself—and to Mr. Lamb must go all the credit when the work is started.

Persistence Conquers

RUSSIA'S continual snubbing of American diplomatic moves must be a source of great frustration for US leaders and doubtless there are times when they feel there is no point in making further proposals.

The latest Western note, which suggests German and Austrian peace talks whenever the Russians are ready to negotiate, indicates President Eisenhower and Secretary of State Dulles are tired of hearing "no" and are going to let things rest until the Kremlin makes up its mind.

But we must not be so silent as to play into the Soviet's hand. The Reds have often let Western words die a natural death just so they can come up with their own "new" proposals when the time seemed ripe.

The Russians play their international game from the viewpoint of prestige. They pose as the world's "leaders"—therefore major moves in East-West diplomacy must be their ideas; they must retain the initiative at all costs. Only long periods of western silence make this possible.

By contrast, a vigorous, persistent diplomatic offensive on our part keeps Western policies alive in the eyes of other peoples, keeps the pressure on Moscow instead of Washington and London. The Russians don't like to say "no" too often, because it's a defensive maneuver.

PTA Gift Decision Detailed

What Happened to the Money

To the Editor: With appreciation of the recent sincere letter in The Mercury "Readers Say" section, ("What Happened to the Money, Nov. 20), concerning the decision of the New Hanover-Upper Frederick PTA, not to use a portion of the treasury funds for the purchase of Christmas gifts for the elementary school children of these two townships, we feel that an impartial statement of facts should be made.

All decisions relative to this matter were fully discussed by the association and duly voted upon at their regular meetings.

The budget, presented in writing, on the blackboard, to the association for their approval or disapproval, at the September meeting, did not include Christmas plans for the children.

No member at that time requested that such an appropriation be included. The budget was approved, by vote. The money-making projects that have taken place, have therefore been to cover the items in this budget as approved.

However, since the money belongs to the membership, it is imperative and the desire of all, that the members decide how it is to be spent.

Regardless of the fact that the budget as approved by the membership, did not include a Christmas gift allocation, the question was brought before the association November 17 for their decision.

Full discussion took place, to the point where no one wished to add anything further, voting was held, and the majority voted to drop the matter for Christmas '53.

Those are the facts. There is nothing more to be said.

WASHINGTON GOP Prompts President In Anti-Nixon Gestures

By RAY TUCKER

WASHINGTON, Nov. 20.—Although the White House has been gratified by the favorable reception which Vice President Richard M. Nixon has enjoyed on his current world tour, President Eisenhower recognizes belatedly that he cannot promote the young man from California too fast and too far without incurring enmities within the Republican party and Congress.

In view of his youth and relative inexperience, GOP politicians were genuinely amazed when Eisenhower demanded Nixon as his running mate last year.

It was all the more surprising because Sen. William F. Knowland of California would have had second place on the ticket, if the late Sen. Robert A. Taft had been named instead of Eisenhower. The Warren-Knowland and Nixon factions have never been friendly in state or national politics.

But Ike recognized then, as Attorney-General Herbert Brownell does now, that Roosevelt-Truman tolerance of fellow travelers at Washington would be a dominant issue in his struggle with Adlai E. Stevenson. The nomination of Nixon was a "natural."

NIXON'S PERSISTENCE: It was Nixon's persistence in confronting Alger Hiss with Whittaker Chambers that led to the former State department aide's indictment and conviction. It was Nixon who, in a 1950 Senate speech, had first leaked about Truman's clearance of Harry Dexter White after receipt of an FBI warning. Finally, Stevenson had given a court-requested deposition in favor of Hiss' character and official discharge of his duties.

Since inauguration, Ike has continued to exalt the V.P. He has brought him into the Cabinet, and permitted him to preside at meetings when he, Eisenhower, had to be absent.

He has entrusted responsible and delicate Capitol Hill missions to the youngster. He capped these honors by sending Nixon around the world as his representative, and as the highest-ranking American ever to visit turbulent Southeast Asia, Australia and other remote areas.

Although Vice President Nixon has accepted acclaim with unique modesty, his triumph by proxy has gone to the heads of many of his congressional and California colleagues. In welcoming the V.P. to Australia, Herbert V. Ewart, Labor Party leader, placed the guest among "five great Americans." The others were Roosevelt, Truman, Eisenhower and MacArthur.

In view of his naivete, Ike heard these anti-Nixon grumblings with amazement. He had accepted the conventional viewpoint that the Vice President was his No. 1 assistant, his understudy, his good right arm, and an integral member of the Executive branch of the Government.

ANTI-NIXON GESTURES: Although other factors admittedly helped to motivate Ike's anti-Nixon gestures, the fact is that they have mollified the growing bitterness.

He permitted Secretary Dulles to chide the V.P. for his pledge of permanent American support of the Chiang Kai-shek regime. He refused to endorse the Nixon entry, Glenard P. Lipscomb, in the recent special Congressional election in the 24th California district.

As a result, the boys at the other end of Pennsylvania avenue feel better. And the Nixon-for-President bandwagon has slowed down.

ing to prevent the matter from again being brought up at our December 15 meeting when the entire membership has had time to think it over.

Then the New Hanover-Upper Frederick PTA may wish to reverse its decision.

The association has enjoyed a very pleasant and satisfying existence: The officers, the standing committees and the entire membership have all worked with sincerity, and with the greatest spirit of cooperation. Let's keep it that way.

Trees Needed Here

To the Editor: Can you just visualize the High street business section lined with trees? (I am interested in trees and what they have to offer.)

High street is one of the few communities in existence in the East that boast such a nice wide main street. I've been in many communities where there was barely enough room on the main drag for a footpath and two lanes for traffic.

Seems to me very possible that a few feet could be snatched from each side of High street to plant a few small trees.

Just think! No sun-baked streets in Summer. Green vegetation to add color to the shopping district.

Can you imagine how motorists passing through Pottstown from either Reading or Norristown would delight to see such a colorful little place lined with trees?

No doubt they'd stop and patronize local merchants, thus enhancing the wealth of the town.

Fatalities Have Meaning

To the Editor: I thought your story about South Pottstown being "wiped out" was a dilly.

It sure indicates a lot of things and brings the traffic death problem right to our front door.

You never really get an idea of what a lot of deaths there are through traffic mishaps until you can somehow compare or experience it with things you know.

It may startle a lot of people to know that the traffic deaths each year in the United States exceed the fatalities in the Korean war. Even those figures don't mean much.

Surely the fatalities caused by traffic mishaps could have been avoided.

Do you believe they could? Or doesn't anyone care.

Maybe you'll be next.

Compulsory Driver Tests

To the Editor: Just because any driver can pass the examination given him by the State highway department does not make him a careful or competent driver all the time.

It simply means that he was a careful, competent and courteous driver at the time of his examination and that he obeyed all traffic laws and regulations because he was being watched by a law officer and because he wanted a driver's license.

His license does not say or mean that he will act in the same manner at all times when he is not under observation by a law officer.

Compulsory examinations will never be the solution to the accident problem to my way of thinking.

The Worry Clinic

By DR. GEORGE W. CRANE

DON POLAND is the dynamic head of the General Electric plant at Danville, Ill.

Earlier this year the Supervisors club of the G-E had invited me to Danville to address a public audience at night.

So a few of us had dinner before the meeting. And Poland asked me about the nature of my talk that night.

"What is the most important idea to keep in mind," he said, "in getting along with people?"

THIS IS A VERY frequent query by industrial leaders for we now realize that human relations is the biggest field for progress in industry.

Mechanical and chemical and electrical engineering have made wonderful progress. But human engineering is so new that it is still almost a virgin field.

"Everybody should be visualized as bearing a magic tattoo across his chest," I replied to Don Poland.

"And that tattoo, in capital letters, reads: 'I WANT TO FEEL IMPORTANT.' Our first birth cry as an infant is thus to get attention.

"And many men, in particular, are so obsessed with their own ego that they sink a small fortune in an elaborate mausoleum to show off their importance 100 years after they are dead."

If we parents and teachers and bosses in industry could always see that famous tattoo, we'd be more tactful in correcting people.

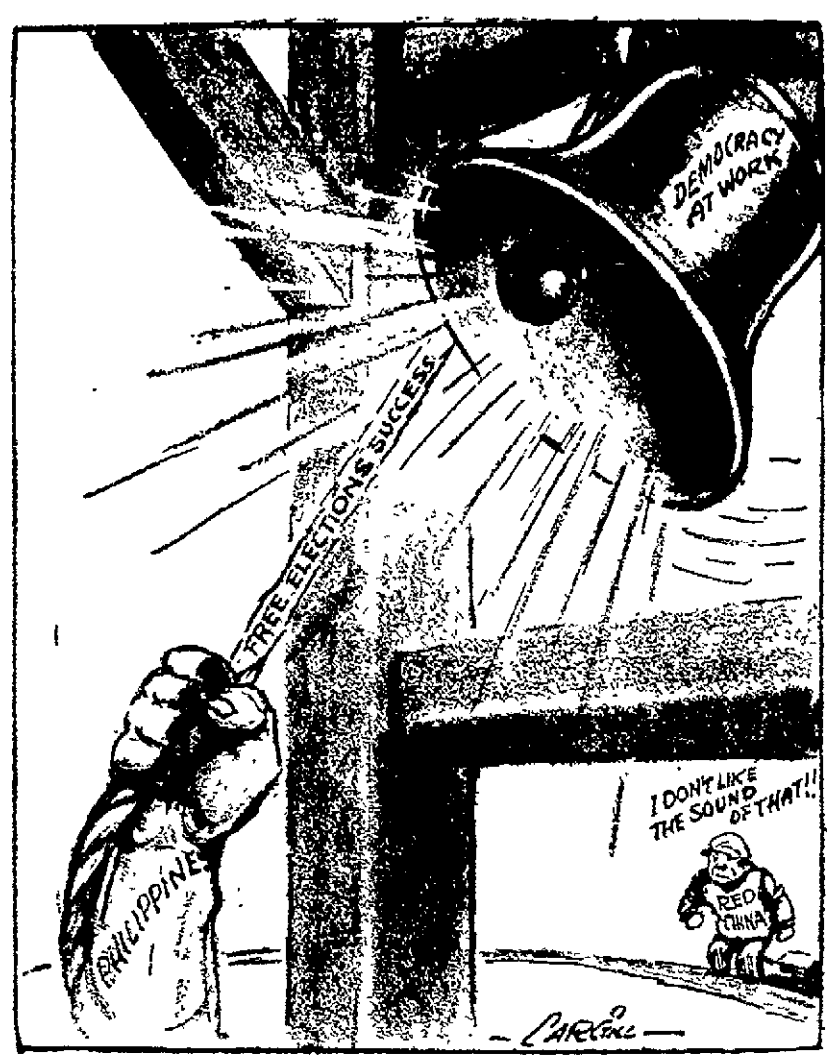

For when anybody receives a criticism or correction, even though it is for his own ultimate best interests, that criticism deflates his importance. Then he grows angry or bitter or vindictive and wants to strike back.

INSTEAD OF "yelling" at our children or "bawling" out an employee or "barking" at a patient or client, we'd curb our caustic tongues if we'd just remember that tattoo on his chest—"I WANT TO FEEL IMPORTANT."

"Well, Dr. Crane, how can an employer train workers and administer correction without making the recipient feel less important?" Poland inquired.

And the psychological strategy for that universal problem is to use the "sandwich method."

HOLLYWOOD, Nov. 20.—Joanne Dru went over to England to visit with her husband, John Ireland, starting in "The Good Die Young," a few weeks ago. Then she took

a quick trip to Rome for talks with the heads of the rapidly expanding Ponti-de-Laurentis company. These producers want Joanne as the feminine star of "Attila, Scourge of God," which they film in Italy.

The spectacle will later be released in this country by Paramount.

Maureen O'Hara, finishing "Fire Over Africa" in Spain, soon goes to Ireland to visit her parents and spend the holidays with them.

Morton Downey, who has a personal fortune over the million mark and some of his pals in the Coca Cola company are reported purchasing the famous Last Frontier hotel in Las Vegas.

WITH THE Susan Hayward-Jess Barker divorce suit reaching the courts as you read this, people in these parts are amazed to say the least, at the vast amount of property suddenly coming to light as Susan's very own.

She possesses no less than a half million dollars worth of real estate and bonds, etc. Not a dollar's worth is in a joint account, all of it being in the Hayward name.

Jess Barker, who still wants his wife back, is expected to fight Susan's suit to the bitter end. However, I fail to see what good that would do him, even if the Judge denied the girl her freedom!

FERNANDO LAMAS, who has been sharing an apartment with Anthony Quinn, has gone East to see his flame, Arlene Dahl, currently appearing with Jose Ferrer on B'way in "Cyrano de Bergerac."

Regarding Lamas, there's talk at Metro of reviving the old script of "The Bad Man" which once starred the late Wallace Beery, as a vehicle for Fernando!

As for Quinn, as soon as he completes the new Mickey Spillane picture, "The Long Walk," he rejoins his wife (Katherine de Mille) and their children in Italy.

There Anthony will do "The Brigand" for producer Giuseppe Amato. He says he is meanwhile searching for a "young Janet Gaynor"—a girl about 18 years old, preferably a blond—for his co-star. Balance of the cast for "The Brigand" will be Italian.

YOUR HEALTH

By HERMAN N. BUNDESEN, M.D.

HALLUCINATIONS have long been thought by many to be the private property of the mentally disturbed. And, most commonly, this remains true.

However, hallucinations can occur in mentally normal persons. These are frequently seen following severe migraine headaches.

By definition, to see something that is not normally there, to imagine an object in a different shape or form than it actually exists, to hear something that does not exist, or to sense or perceive anything not objectively real is known as an hallucination.

Not only may the person suffering from migraine complain about blurred vision, fleeting forms, and spots before his eyes, but he may imagine or actually see a distortion of body images.

There may at times be distortions of certain parts of the body which bloom out and swell in unnatural ways.

A good example occurs when the person will have the impression that his head, or someone else's head, is floating far above his neck. He may even feel compelled to hold it down, so strong are these hallucinations.

Preceding migraine attacks some persons may have the feeling that they have shrunk to less than half their size, while others feel about twice their normal size.

This disease is known as migraine hallucinations and is more common than is believed. Many persons will not admit to it because of the tendency to associate hallucinations with insanity.

The diary of Lewis Carroll, author of "Alice in Wonderland," reports that he was a sufferer from migraine headaches.

Since the imaginative sequence of Alice through the looking glass is similar to many of the type of hallucinations described above, I often wonder if many of the descriptions he wrote about might not have been pictured by him following a migraine attack.

But Ike recognized then, as Attorney-General Herbert Brownell does now, that Roosevelt-Truman tolerance of fellow travelers at Washington would be a dominant issue in his struggle with Adlai E. Stevenson. The nomination of Nixon was a "natural."

NIXON'S PERSISTENCE: It was Nixon's persistence in confronting Alger Hiss with Whittaker Chambers that led to the former State department aide's indictment and conviction. It was Nixon who, in a 1950 Senate speech, had first leaked about Truman's clearance of Harry Dexter White after receipt of an FBI warning. Finally, Stevenson had given a court-requested deposition in favor of Hiss' character and official discharge of his duties.

Since inauguration, Ike has continued to exalt the V.P. He has brought him into the Cabinet, and permitted him to preside at meetings when he, Eisenhower, had to be absent.

He has entrusted responsible and delicate Capitol Hill missions to the youngster. He capped these honors by sending Nixon around the world as his representative, and as the highest-ranking American ever to visit turbulent Southeast Asia, Australia and other remote areas.

Although Vice President Nixon has accepted acclaim with unique modesty, his triumph by proxy has gone to the heads of many of his congressional and California colleagues. In welcoming the V.P. to Australia, Herbert V. Evatt, Labor Party leader, placed the guest among "five great Americans." The others were Roosevelt, Truman, Eisenhower and MacArthur!

In view of his naivete, Ike heard these anti-Nixon grumblings with amazement. He had accepted the conventional viewpoint that the Vice President was his No. 1 assistant, his understudy, his good right arm, and an integral member of the Executive branch of the Government.

ANTI-NIXON GESTURES: Although other factors admittedly helped to motivate Ike's anti-Nixon gestures, the fact is that they have mollified the growing bitterness.

He permitted Secretary Dulles to chide the V.P. for his pledge of permanent American support of the Chiang Kai-shek regime. He refused to endorse the Nixon entry, Glenard P. Lipscomb, in the recent special Congressional election in the 24th California district.

As a result, the boys at the other end of Pennsylvania avenue feel better. And the Nixon-for-President bandwagon has slowed down.

Fatalities Have Meaning

To the Editor: I thought your story about South Pottstown being "wiped out" was a dilly.

It sure indicates a lot of things and brings the traffic death problem right to our front door.

You never really get an idea of what a lot of deaths there are through traffic mishaps until you can somehow compare or experience it with things you know.

It may startle a lot of people to know that the traffic deaths each year in the United States exceed the fatalities suffered in the Korean war. Even those figures don't mean much.

Surely the fatalities caused by traffic mishaps could have been avoided. Do you believe they could? Or doesn't anyone care. Maybe you'll be next.

Compulsory Driver Tests

To the Editor: Just because any driver can pass the examination given him by the State highway department does not make him a careful or competent driver all the time.

It simply means that he was a careful, competent and courteous driver at the time of his examination and that he obeyed all traffic laws and regulations because he was being watched by a law officer and because he wanted a driver's license.

His license does not say or mean that he will act in the same manner at all times when he is not under observation by a law officer.

Compulsory examinations will never be the solution to the accident problem to my way of thinking.

Guy Madison has been a comfort to his estranged wife, screen beauty Gail Russell, during the breakdown that resulted when she was named as "the other woman" in the John Waynes' divorce trial. Friends are hopeful Guy's attentiveness may bring about a reconciliation, something he's been pitching for ever since the parting.

Despite the rumors that various flicker companies were interested in acquiring the screen rights to Andre Maurois' best-seller, "Lelia" (the life of George Sand), they haven't a chance, unless they negotiate with Anna Sosenko.

Hidegarde's dynamic manager has wrapped up exclusive rights to the book for stage, screen, concert and all public performances, intends to kick off with a concertized version of the intriguing biography.

The Worry Clinic

DON POLAND is the dynamic head of the General Electric plant at Danville, Ill.

Earlier this year the Supervisors club of the G-E had invited me to Danville to address a public audience at night.

So a few of us had dinner before the meeting. And Poland asked me about the nature of my talk that night.

"What is the most important idea to keep in mind," he said, "in getting along with people?"

THIS IS A VERY frequent query by industrial leaders for we now realize that human relations is the biggest field for progress in industry.

Mechanical and chemical and electrical engineering have made wonderful progress. But human engineering is so new that it is still almost a virgin field.

"Everybody should be visualized as bearing a magic tattoo across his chest," I replied to Don Poland.

"And that tattoo, in capital letters, reads: 'I WANT TO FEEL IMPORTANT.' Our first birth cry as an infant is thus to get attention.

"And many men, in particular, are so obsessed with their own ego that they sink a small fortune in an elaborate mausoleum to show off their importance 100 years after they are dead."

If we parents and teachers and bosses in industry could always see that famous tattoo, we'd be more tactful in correcting people.

For when anybody receives a criticism or correction, even though it is for his own ultimate best interests, that criticism deflates his importance. Then he grows angry or bitter or vindictive and wants to strike back.

INSTEAD OF "yelling" at our children or "bawling" out an employee or "barking" at a patient or client, we'd curb our caustic tongues if we'd just remember that tattoo on his chest—"I WANT TO FEEL IMPORTANT."

"Well, Dr. Crane, how can an employer train workers and administer correction without making the recipient feel less important?" Poland inquired.

And the psychological strategy for that universal problem is to use the "sandwich method."

Insert the correction or reproof as the meaty middle layer of your sandwich. But start off with an honest compliment first.

Hollywood

HOLLYWOOD, Nov. 20—Joanne Dru went over to England to visit with her husband, John Ireland, starring in "The Good Die Young," few weeks ago. Then she took a quick trip to Rome for talks with the heads of the rapidly expanding Ponti-de Laurentis company. These producers want Joanne as the feminine star of "Attila, Scourge of God," which they film in Italy.

The spectacle will later be released in this country by Paramount... Maureen O'Hara, finishing "Fire Over Africa" in Spain, soon goes to Ireland to visit her parents and spend the holidays with them... Morton Downey, who has a personal fortune over the million mark, and some of his pals in the Coca Cola company are reported purchasing the famous Last Frontier hotel in Las Vegas.

WITH THE Susan Hayward-Jess Barker divorce suit reaching the courts as you read this, people in these parts are amazed to say the least, at the vast amount of property suddenly coming to light as Susan's very own. She possesses no less than a half million dollars worth of real estate and bonds, etc. Not a dollar's worth is in a joint account, all of it being in the Hayward name. Jess Barker, who still wants his wife back, is expected to fight Susan's suit to the bitter end. However, I fail to see what good that would do him, even if the Judge denied the girl her freedom!

FERNANDO LAMAS, who has been sharing an apartment with Anthony Quinn, has gone East to see his flame, Arlene Dahl, currently appearing with Jose Ferrer on B'way in "Cyrano de Bergerac." Regarding Lamas, there's talk at Metro of reviving the old script of "The Bad Man" which once starred the late Wallace Beery, as a vehicle for Fernando!... As for Quinn, as soon as he completes the new Mickey Spillane picture, "The Long Wait," he rejoins his wife (Katherine de Mille) and their children in Italy. There Anthony will do "The Brigand" for producer Giuseppe Amato. He says he is meanwhile searching for a "young Janet Gaynor"—a girl about 18 years old, preferably a blond—for his co-star. Balance of the cast for "The Brigand" will be Italian.

★ GINTHER IN HOSPITAL—Harry J. Gintner, longtime leader of Pottstown servicemen's groups, is in the Veterans Administration Hospital in Philadelphia with an infection of the left leg that is a result of shrapnel wounds he received in France during World War I. He was admitted for observation but the infection proved more serious than he anticipated, and he may face a long siege. Surgeons are undecided whether an operation is needed. "I have lived with this wound for 35 years, am still fighting it and probably will be for the rest of my life," the 58-year-old Gintner said in a note here. In recent years, Gintner has been welfare officer for George A. Amole Post 47, American Legion. His fulltime job is bookkeeper for Nettle Auto Parts company. He and his wife live at 853 North Charlotte street. His hospital address is Ward 3 E-A, Veterans Administration hospital, 39th street and Woodland avenue, Philadelphia.

YOUR HEALTH

By HERMAN N. BUNDESEN, M.D.

HALLUCINATIONS have long been thought by many to be the private property of the mentally disturbed. And, most commonly, this remains true.

However, hallucinations can occur in mentally normal persons. These are frequently seen following severe migraine headaches.

By definition, to see something that is not normally there, to imagine an object in a different shape or form than it actually exists, to hear something that does not exist, or to sense or perceive anything not objectively real is known as an hallucination.

Not only may the person suffering from migraine complain about blurred vision, fleeting forms, and spots before his eyes, but he may imagine or actually see a distortion of body images.

There may at times be distortions of certain parts of the body which bloom out and swell in unnatural ways.

A good example occurs when the person will have the impression that his head, or someone else's head, is floating far above his neck. He may even feel compelled to hold it down, so strong are these hallucinations.

Preceding migraine attacks some persons may have the feeling that they have shrunk to less than half their size, while others feel about twice their normal size.

This disease is known as migraine hallucinations and is more common than is believed. Many persons will not admit to it because of the tendency to associate hallucinations with insanity.

The diary of Lewis Carroll, author of "Alice in Wonderland," reports that he was a sufferer from migraine headaches.

Since the imaginative sequence of Alice through the looking glass is similar to many of the type of hallucinations described above, I often wonder if many of the descriptions he wrote about might not have been pictured by him following a migraine attack.

Hebrew Laws Are Concerned With Poor, Strangers

Leave Some of Crop for the Needy,
Lord Advised Farmers at Harvest
The Golden Text

Parable of the talents.

"The earth is the Lord's, and the fullness thereof; the world, and they that dwell therein"—Psalm 24:1.

By NEWMAN CAMPBELL
IN OUR WORLD there are so many destitute and hungry people; so many strangers in lands foreign to them, that our lesson is particularly appropriate.

Hardly a day passes that we are not appealed to for help for needy persons in far-off places. Every Christian church is collecting parcels of food and clothing to send to these hapless persons, and many civic organizations are doing the same.

Still others are sending modern machines to undeveloped or backward countries with experts to show the workers in those lands how to use the machines to more fully develop their natural resources, and health brigades are fighting disease all over the world.

Teachers will find ample materials in this lesson for all the grades in the Sunday school.

Many of the children have schoolmates who have come from other countries, some not able to speak our language, or speaking it haltingly. Their attitude toward these little strangers can make a tremendous difference to them.

In the ancient Hebrew laws laid down in Leviticus we find these instructions:

"And when ye reap the harvest of your land, thou shalt not wholly reap the corners of thy field, neither shalt thou gather the gleanings of thy harvest; and thou shalt leave them for the poor and stranger; I am the Lord thy God."

Again in Deuteronomy: "He doth execute the judgment of the fatherless and widows, and loveth the stranger, in giving him food and raiment. Love ye therefore the stranger: for ye were strangers in the land of Egypt."

Children know what it is to feel like strangers when they first enter school or change from one school to another. Many adults have been strangers in foreign countries and felt its loneliness. Many have nostalgic feelings when moving even from one location to another in their own country. Should we not, then, understand and strive to alleviate the homesickness of those who flee to our country for refuge from their former homes?

Part of the always delightful story of Ruth, the Moabite who loved her mother-in-law so much that she refused to leave her when both became widows, and accompanied her to Bethlehem, Naomi's home. To help to support the two, Ruth desired to go into a field and glean after the reapers. Naomi gave her consent and she went to the field of Boaz, a rich relative of Naomi's husband, Amielah.

Compassion for a Needy World

ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

"And when ye reap the harvest of your land, thou shalt not wholly reap the corners of thy field, neither shalt thou gather the gleanings of thy harvest; and thou shalt leave them for the poor and stranger; I am the Lord thy God."

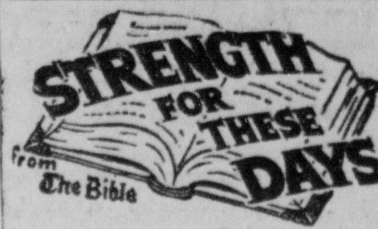

"And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel among the people, and healing every disease. And when He saw the multitudes, He was moved with compassion on them, because they fainted and were scattered abroad, as sheep having no shepherd."

At Simon Peter and Andrew's house, "At even, when the sun did set, they brought unto Him all that were diseased, and them that were possessed with devils. And all the city was gathered together at the door. And He healed many that were sick of divers diseases, and cast out many devils."

"I have compassion on the multitude, because they have now been with Me three days, and have nothing to eat; and if I send them away fasting to their homes, they will faint by the way." And Jesus fed them bountifully with seven loaves and a few fishes.

O Lord, be not far from me — (Psalm 35, 22).

Every one of us must daily, in the depth of his soul, realize how weak and helpless we are on our mortal own — and how confident and strong we can be through God's strength: ours for the asking, through His mercy. Through prayer and righteousness we will know His presence, about and within us, and be joyously blessed.

Aid for Handicapped Urged on Church

NEW YORK, Nov. 20—Churches can play an important community role in helping handicapped persons gain faith in their own capabilities and achieve a better adjustment to life, but they have neglected this vital ministry, a social work specialist writes in a religious publication.

Marian Howard, director of the Marian Howard School of Special Education in Atlanta, Ga., asserts

that "what a person does about his handicap is not his responsibility alone. Every one of us shares that responsibility."

Miss Howard warns that a church's program for the handicapped must not become "handicapped - centered." To isolate handicapped persons in separate groups or to show them favoritism or over-protection, she points out, can only increase their fear of rejection. "Whenever possible," she notes, "the best way the problem can be met is to let the handicapped person share what the church already has to offer."

Use Our Lay-Away Plan

PLENTY

"Be Thankful for Plenty" was the title of a sermon we heard many years ago. And we'll never forget how the preacher defined "plenty."

"If you have everything that money can buy, all the necessities and all the luxuries of life—and you don't have a Bible you can read and understand—then you're nothing to be thankful for! You're in want!"

"But if God has given you just enough of this world's goods for you to live from day to day—and you've a Bible you turn to every day—then be thankful! You have plenty!"

We can cherish that homely bit of inspiration. It sums up the kind of Thanksgiving our forefathers believed in . . . the kind of Thanksgiving that millions of us will celebrate this week in Church!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Bible study.

Kenilworth Church to Dedicate New Education Building

Juniata College President to Speak At Coventry Church of Brethren Rites

The Coventry Church of the Brethren, Kenilworth, will dedicate its new \$80,000 education building tomorrow.

In an all-day program, visitors from regional, district and missionary areas of the Brethren Church will extend greetings, and a visiting college president will be guest speaker at two of the services.

DR. CALVERT N. ELLIS

quartet and instrumental soloists will be heard during three services.

Dr. Calvert N. Ellis, president of Brethren-sponsored Juniata college, Huntingdon, will be the principal speaker of the day.

Music by the Juniata quartet and the chapel choir will follow.

The Rev. Alvin Alderfer, pastor of Parkerford Brethren, and the Rev. Gerald F. O'Donnell, pastor of Harmonyville Brethren, will lead devotions at the evening service.

DR. KULP will give his main address of the day at this missionary service.

Before the service, beginning at 7:40 p. m., an organ piano recital will be given by Mrs. Walter Thomas and Mrs. Clyde Bertolet.

Music during the service will be sung by the adult choir, led by Mrs. Harold Bealer with Mrs. Reuben Updegrave at the organ.

The family quartet, including Mr. and Mrs. Paul Favinger, Stuart Fichthorne and Ralph Slider, will also sing.

The program committee for the day includes Paul R. Austin, Robert Barr, John A. Kreps, Francis Wampler, Mrs. Harry Clark and Mrs. William High.

ON the building committee are Waldo Dick, Raymond Evans, Earl High, Clarence Lloyd and Harry H. Bickel.

The new stone addition to the church measures 28 by 60 feet. Begun in October, 1952, it recently was given its finishing coat of white plaster to match the rest of the church exterior.

In the addition are rooms for three of the Sunday school departments—12 classrooms.

It also includes a new kitchen, a furnace room and rest rooms.

"WITH the opening of the addition, we hope the church will be p. m. worship service and the 2:30 p. m. dedicatory service.

The Rev. Dr. H. Stover Kulp, a son of the local church and pioneer missionary to Africa, will speak at the evening missionary service at 8 o'clock.

The litany of dedication will take place at the afternoon service, with the Rev. D. Howard Keiper, Coventry Brethren pastor, officiating.

Sunday school will be held at 9:30 a. m., with Superintendent Francis Wampler in charge.

At the morning worship service, the Juniata college male quartet will sing several selections, and anthems by the cherub and treble choirs will be heard.

MRS. ROBERT Saylor will direct the cherub choir, with Mrs. Clyde Bertolet as accompanist.

The treble choir will be directed by Mrs. Robert Barr, with Dorothy Rosewarne as accompanist.

During the afternoon dedicatory service, greetings will be brought to the local congregation from the region by the Rev. Stewart Kauffman, Le-moyne.

Greetings from the district will be extended by the Rev. Ivan C. Fetterman, pastor of Green Tree Brethren, Oaks.

Dr. Kulp will bring greetings at this time from the African mission field.

A FORMER pastor of the Coventry church, the Rev. Ira A. Hol-

son, who for the first 50 years was bishop of Coventry Brethren. The present church building was erected in 1885. A Sunday school wing was added in 1911 and the basement was remodelled in 1937.

The Rev. Keiper is the eighth pastor to serve at the church. He was called there in 1946.

WORKERS FOR THE LORD

Blind American, Wife Help Mexicans Overcome Burdens of Sightlessness

LAREDO, Tex., Nov. 20 (AP)—A husky American with blond, crew-cut hair walked along the dusty street, leading a small Mexican boy. Both were blind. As they walked, they sang lightheartedly: "Yo quiero trabajar por el señor..." The word means "I want to be a worker for the Lord..."

Many times they had sung the lively song by themselves or with others who were blind, gathered in a little cement-block chapel on the north edge of town.

There the gay-spirited American would take his racing fingers from the piano keyboard, or lay aside his accordion, and open the big braille Bible.

"Porque de al manera amo dios el mundo..." He would intone, as his fingers traced the words. "For God so loved the world..."

Then they would sing some more, their dark world lit by music and another kind of vision.

"Oh my, how we sing!" said the American, whose name is Claire Hobart. "You should hear them. At night, they have their guitars, and come serenading. It's just wonderful."

Church Group Director Will Conduct Services

Members of St. Paul's Lutheran church, Red Hill will hear a talk by Dr. Frank M. Brown, Lutheran world action director, tomorrow morning.

He will preach the sermon at the 10 o'clock service.

During the service, the choir will sing the anthem "How Excellent Is Thy Mercy, O God."

The St. Paul's Luther league will meet at the home of its leader, Robert Miller, at 7:15 o'clock tomorrow night.

You Hear Strange Things About Catholics

Yes, you can hear some strange things about Catholics.

You hear it said that Catholics believe all non-Catholics are headed for Hell... that they believe non-Catholic marriages are invalid.

Some think Catholics believe the Pope is God... that he can do no wrong... that they owe him civil allegiance and that he should have the political power to rule America.

It is said that Catholics want religious freedom only for themselves... that they oppose public schools and separation of Church and State as evils which should be destroyed.

The claim is made that Catholics pay the priest for forgiveness of their sins... that they must buy their departed relatives and friends out of Purgatory... that they adore statues... use medals, candles and holy water as sure-fire protection against the loss of a job, lightning or being run down by an automobile.

But what is worse, some say, Catholics corrupt the true teachings of Jesus Christ with the addition of pagan superstitions and practices that are nothing less than the inventions of the devil.

If all these things—or any of them—were true, it would be a pity. For at least one out of every six Americans is a Catholic—and it would be a national tragedy if one-sixth of all Americans entertained such erroneous ideas.

The Knights of Columbus is an organization of 700,000 Catholic men of reason and intelligence. In our ranks will be found statesmen, scientists, historians, physicians, movie stars, lawyers, educators and others representing every cross-section of American life. And for each and all of them loyalty to the Catholic Faith is the act of a reasonable man.

We are deeply interested in the welfare of our Church and our Country. And we believe the interests of both will be served best when fair minded people know the Catholic Church as it is—not as it is sometimes mistaken to be.

If you have heard and believed any of these false claims, and want the truth, we will gladly send you a free booklet which explains many aspects of Catholic belief and practice concerning which people are commonly misinformed. Write and ask for Pamphlet No. 1-N.

The treble choir will be directed by Mrs. Robert Barr, with Dorothy Rosewarne as accompanist.

During the afternoon dedicatory service, greetings will be brought to the local congregation from the region by the Rev. Stewart Kauffman, Lehigh.

Greetings from the district will be extended by the Rev. Ivan C. Fetterman, pastor of Green Tree Brethren, Oaks.

Dr. Kulp will bring greetings at this time from the African mission field.

A FORMER pastor of the Coventry church, the Rev. Ira A. Hol-

Music by the Juniata quartet and the chapel choir will follow.

The Rev. Alvin Alderfer, pastor of Parkerford Brethren, and the Rev. Gerald F. O'Donnell, pastor of Harmonyville Brethren, will lead devotions at the evening service.

DR. KULP will give his main address of the day at this missionary service.

Before the service, beginning at 7:40 p. m., an organ-piano recital will be given by Mrs. Walter Thomas and Mrs. Clyde Bertolo.

Music during the service will be sung by the adult choir, led by Mrs. Harold Bealer with Mrs. Reuben Updegrave at the organ.

The family quartet, including Mr. and Mrs. Paul Favinger, Stuart Fichthorne and Ralph Slider, will also sing.

The program committee for the day includes Paul R. Austin, Robert Barr, John A. Kreps, Francis Wampler, Mrs. Harry Clark and Mrs. William High.

ON THE building committee are Waldo Dick, Raymond Evans, Earl High, Clarence Lloyd and Harry H. Bickel.

The new stone addition to the church measures 28 by 60 feet. Begun in October, 1952, it recently was given its finishing coat of white plaster to match the rest of the church exterior.

In the addition are rooms for three of the Sunday school departments—12 classrooms.

It also includes a new kitchen, a furnace room and rest rooms.

"WITH the opening of the addition, we hope the church will be-

come a real community center for the Kenilworth area," said program committeeman Kreps last night.

He added that the congregation hopes to organize a program that will enable it to keep the church open every night of the week.

At one time the church actually was a community center.

The land on which it stands was part of a 450-acre tract bought from William Penn in 1718 by Martin Urvor Sr. It included the present Gruber estate. Urvor was the builder of the main house on the estate.

THE FIRST Brethren church services were held in the home of Urvor, who for the first 50 years was bishop of Coventry Brethren. The present church building was erected in 1885. A Sunday school wing was added in 1911 and the basement was remodeled in 1937. The Rev. Keiper is the eighth pastor to serve at the church. He was called there in 1946.

Area Church Slates Rally Day Services

Rally Day services will be held at Upper Milford Evangelical United Brethren church tomorrow.

The Rev. Edwin C. Minnich, pastor of Salem EUB, Allentown, will be guest speaker at the 2:15 p. m. service.

An all-musical service will be held at 7:30 p. m., with the Christian Endeavor society in charge. Jesse Stauffer, Sunday school superintendent, will have charge of the afternoon service. Special music will be heard at this service.

Tomorrow's services were originally scheduled for the past Nov. 8, the Rev. R. R. Hunsberger, pastor, explained.

WORKERS FOR THE LORD

Blind American, Wife Help Mexicans Overcome Burdens of Sightlessness

LAREDO, Tex., Nov. 20 (AP)—A husky American with blond, crew-cut hair walked along the dusty street, leading a small Mexican boy. Both were blind. As they walked, they sang lightheartedly:

"Yo quiero trabajar por el señor. . ." The word mean "I want to be a worker for the Lord. . ."

Many times they had sung the lively song by themselves or with others who were blind, gathered in a little cement-block chapel on the north edge of town.

There the gay-spirited American would take his racing fingers from the piano keyboard, or lay aside his accordion, and open the big braille Bible.

"Porque de al manera amo dios el mundo. . ." He would intone, as his fingers traced the words. "For God so loved the world. . ."

Then they would sing some more, their dark world lit by music and another kind of vision.

"Oh my, how we sing!" said the American, whose name is Claire Hobart. "You should hear them. At night, they have their guitars and come serenading. It's just wonderful."

IN THIS BORDER town along the muddy Rio Grande, Hobart, 39, and his wife, Norma, run the little Latin American Lutheran mission, helping blind Mexicans learn to read, to work and to worship.

It is a strange, stirring life the blind musician and his wife have built here.

"When you see the struggle these people have to live and know they need you," Hobart said, "then you want to be with them and love them. And you see they love you, too. That's everything!"

No denomination finances the work. It's a "faith" mission, kept going by occasional outside donations and the short church concert tour Hobart makes each year—singing and playing the organ, piano and accordion.

He and Norma, both college-educated, live in a tiny house, which until this year had no running water or indoor toilet.

They've had lean times. It took four years to build the little chapel.

"We've got nothing," Hobart grinned, "but happiness."

They sing as they go bouncing over the international bridge in their old car, with Norma at the wheel since she can see. The car is piled with clothes for needy across the border. The guards, who are supposed to stop any cargoes that might be sold, wink and look the other way.

"Viva Mexico!" says Hobart. "Passe!" says the guard.

You Hear Strange Things About Catholics

Yes, you can hear some strange things about Catholics.

You hear it said that Catholics believe all non-Catholics are headed for Hell. . . that they believe non-Catholic marriages are invalid.

Some think Catholics believe the Pope is God. . . that he can do no wrong. . . that they owe him civil allegiance and that he should have the political power to rule America.

It is said that Catholics want religious freedom only for themselves. . . that they oppose public schools and separation of Church and State as evils which should be destroyed.

The claim is made that Catholics pay the priest for forgiveness of their sins. . . that they must buy their departed relatives and friends out of Purgatory. . . that they adore statues. . . are forbidden to read the Bible. . . use medals, candles and holy water as sure-fire protection against the loss of a job, lightning or being run down by an automobile.

But what is worse, some say, Catholics corrupt the true teachings of Jesus Christ with the addition of pagan superstitions and practices that are nothing less than the inventions of the devil.

If all these things—or any of them—were true, it would be a pity. For at least one out of every six Americans is a Catholic—and it would be a national tragedy if one-sixth of all Americans entertained such erroneous ideas.

The Knights of Columbus is an organization of 700,000 Catholic men of reason and intelligence. In our ranks will be found statesmen, scientists, historians, physicians, movie stars, lawyers, educators and others representing every cross-section of American life. And for each and all of them loyalty to the Catholic Faith is the act of a reasonable man.

We are deeply interested in the welfare of our Church and our Country. And we believe the interests of both will be served best when fair minded people know the Catholic Church as it is—not as it is sometimes mistaken to be.

If you have heard and believed any of these false claims, and want the truth, we will gladly send you a free booklet which explains many aspects of Catholic belief and practice concerning which people are commonly misinformed. Write and ask for Pamphlet No. 1-N.

Reformed Church Members Celebrate Conclusion of Building Fund Drive

(Photo on Page 6)

Members of St. Paul's Evangelical and Reformed church last night celebrated the conclusion of their campaign to raise \$45,000 for a new church building with a victory dinner at the Clover Leaf restaurant.

Harry Keeler, initial gifts chairman who presided at last night's dinner, said members were "optimistic about the program to be started, now that we're so near our goal."

More than \$41,000 already has been contributed, and with a follow-up committee yet to report, the group hopes to reach the goal.

Eighteen persons were at the dinner, including the Rev. C. W. Ebbert, pastor.

THE CHURCH has been located at Walnut and Penn streets for 70 years, but the new location will be

Despite the oncoming winter weather, Mr. and Mrs. Melvin Levensgood, Grosstown road, Stowe, are enjoying the comfort of their new home in which they have lived for the past three years. The Levensgoods built their own home. Contractor Charles Wentzel, of Stony Creek Mills, is responsible for the stone work.

They have two bedrooms, bath and a living room downstairs; with a finished room upstairs. Levensgood is a partner with his brother in the Levensgood Food Market.

First Baptist Church to Worship in Renovated Sanctuary

First Baptist church members painted around the church windows will return to their redecorated and the arch over the pulpit. On sanctuary for 10:45 o'clock worship the ceiling, a small border with inset crosses has been added.

It will be the first time they have worshipped there in more than a month.

During a renovation project, the congregation met for Sunday services in the church basement.

The sanctuary has been painted, and completely decorated, and at the same time new lighting was installed.

The large stained-glass window on the King street side of the church was completely rebuilt during the project, and other glass work done where needed.

TWO MURALS, one above the church school doors and a smaller one on the ceiling above the pulpit, are among the new decorations.

A variegated stone edge has been

revarnishing of the pews and painting of the floor.

The Rev. Laurence T. Beers, pastor has invited the public to attend either the morning service or the 7 o'clock evening service, tomorrow.

His sermon topic in the morning will be "Digging Wells and Building Altars." In the evening, he will speak on "Faith In Forgiveness."

Other improvements include people at the past Sunday night's meeting.

Richard Frantz, youth fellowship president, will preside at the meeting. Mr. and Mrs. Richard D. Dutcher, adult advisers, will assist James in a discussion period after his talk.

All young people of the community are invited to attend the meeting.

Youth Meeting Scheduled At Mennonite Church

C. Norman Kraus will be the speaker at the youth meeting in Salford Mennonite church at 7:30 o'clock tonight.

"Christ Needs Youth" will be his topic.

The Gospel Light quartet will sing and Harold Delp will lead in devotions.

Lester Detweiler will be moderator and Albert Mast, chorister. Election of officers will be held at the meeting.

Speaker to Discuss Problems of Youth

William James, guidance counselor at Pottstown Junior High school, will speak at the meeting of Trinity Reformed church young people at 6:30 o'clock tomorrow night.

His topic will be "Boy and Girl Relationships."

During his talk, he will discuss questions prepared by the young

Schuitz said the club hopes to have a full bus load, 37 persons, for the trip.

Worthless Checks Get Man Jail Term

NORRISTOWN, Nov. 20—Pleading guilty to a charge of passing worthless checks, Clayton B. Reese Sr., 60, of Columbia, was committed to the county prison for a term of two months by Judge George C. Corson today.

He was accused of giving bad checks in the amounts of \$416 and \$360 the past July and August to the Perkiomenville Sales Stables. The warrant was sworn out by Clarence Renninger, Zieglerville, president of the sales stables.

The checks were drawn on the Lancaster County National bank and the National Bank of Boyertown.

Reese appeared before Judge Corson two weeks ago and asked for more time to make restitution. He said several people owed him money and he was anxious to "straighten things out."

He promised to come back the past week and when he failed to show up a bench warrant was issued for his arrest. He was picked up in his home town and turned over to Deputy Sheriff Mor-ton Bailey.

TWO SYMBOLS OF THANKSGIVING

Everyone knows that the turkey is a symbol of Thanksgiving. But, do you recognize the other symbol—the more important one?

It is the smile on this young lad's face!

A turkey, after all, is not essential to the celebration of Thanksgiving Day. Some folks prefer duck, or steak, or even an old-fashioned meat-loaf.

But a smile is indispensable! For thankfulness and happiness are cut from the same fabric. Thankfulness is really happiness with a sense of direction. It is happiness that traces its source to the goodness of God, and expresses its destiny in humble reverence.

The smile of a thankful Christian is the natural symbol of Thanksgiving. And it explains the meaning of this sacred Day: GOD HAS SMILED ON US!

Reformed Church Members Celebrate Conclusion of Building Fund Drive

(Photo on Page 6)

Members of St. Paul's Evangelical and Reformed church last night celebrated the conclusion of their campaign to raise \$45,000 for a new church building with a victory dinner at the Clover Leaf restaurant.

Harry Keeler, initial gifts chairman who presided at last night's dinner, said members were "optimistic about the program to be started, now that we're so near our goal."

More than \$41,000 already has been contributed, and with a follow-up committee yet to report, the group hopes to reach the goal.

Eighteen persons were at the dinner, including the Rev. C. W. Ebbert, pastor.

THE CHURCH has been located at Walnut and Penn streets for 70 years, but the new location will be

at North Franklin and Grace streets in the North End.

All the funds were raised from the 160 members of the congregation — there were no outside solicitations, Keeler said.

The new church will have a seating capacity of 200 and recreation and Sunday school facilities for more than 300.

Canvass chairman was Elmer Gross, Daniel Shaner and David Favinger were team captains in the drive.

Work on the new building probably will start next year, it was announced.

Astronomer's Club Plans Trip to Fels Planetarium

The Pottstown Amateur Astronomer's club met last night and made plans for a trip Dec. 11 to Fels planetarium in Philadelphia.

President Willard Schultz presided at the meeting in the Pottstown Public library with ten members attending.

Schultz said the club hopes to have a full bus load, 37 persons, for the trip.

Worthless Checks Get Man Jail Term

NORRISTOWN, Nov. 20—Pleading guilty to a charge of passing worthless checks, Clayton B. Reese Sr., 60, of Columbia, was committed to the county prison for a term of two months by Judge George C. Corson today.

He was accused of giving bad checks in the amounts of \$416 and \$300 the past July and August to the Perkiomenville Sales Stables. The warrant was sworn out by Clarence Renninger, Zieglerville, president of the sales stables.

The checks were drawn on the Lancaster County National bank and the National Bank of Boyertown.

Reese appeared before Judge Corson two weeks ago and asked for more time to make restitution. He said several people owed him money and he was anxious to "straighten things out."

He promised to come back the past week and when he failed to show up a bench warrant was issued for his arrest. He was picked up in his home town and turned over to Deputy Sheriff Morton Bailey.

Despite the oncoming winter weather, Mr. and Mrs. Melvin Levensgood, Grosstown road, Stowe, are enjoying the comfort of their new home in which they have lived for the past three years. The Levensgoods built their own home. Contractor Charles Wentzel, of Stony Creek Mills, is responsible for the stone work.

They have two bedrooms, bath and a living room downstairs, with a finished room upstairs. Levensgood is a partner with his brother in the Levensgood Food Market.

Youth Meeting Scheduled At Mennonite Church

C. Norman Kraus will be the speaker at the youth meeting in Salford Mennonite church at 7:30 o'clock tonight.

"Christ Needs Youth" will be his topic.

The Gospel Light quartet will sing and Harold Delp will lead in devotions.

Lester Detweiler will be moderator and Albert Mast, chorister. Election of officers will be held at the meeting.

First Baptist Church to Worship in Renovated Sanctuary

First Baptist church members will return to their redecorated sanctuary for 10:45 o'clock worship tomorrow morning.

It will be the first time they have worshiped there in more than a month.

During a renovation project, the congregation met for Sunday services in the church basement.

The sanctuary has been painted and completely decorated, and at the same time new lighting was installed.

The large stained-glass window on the King street side of the church was completely rebuilt during the project, and other glass work done where needed.

TWO MURALS, one above the church school doors and a smaller one on the ceiling above the pulpit, are among the new decorations.

A variegated stone edge has been

painted around the church windows and the arch over the pulpit. On the ceiling, a small border with inset crosses has been added.

To supplement the light from the hanging lanterns, new lights have been installed in the ceiling. There's also a new spotlight focused on the pulpit and a new light in the baptistry.

Other improvements include

revarnishing of the pews and painting of the floor.

The Rev. Laurence T. Beers, pastor has invited the public to attend either the morning service or the 7 o'clock evening service, tomorrow.

His sermon topic in the morning will be "Digging Wells and Building Altars." In the evening, he will speak on "Faith In Forgiveness."

Boyertown Couple United in Marriage At Ceremony in St. Joseph's Church

Marie Edna Swavely became the bride of Victor S. Prutzman, 400 East Philadelphia avenue, Boyertown, at a double ring ceremony performed by the Rev. Luther L. Lengel in St. Joseph's Hill Lutheran church, Boyertown RD.

Mr. and Mrs. Raymond Swavely, 404 South Reading avenue, Boyertown, are the parents of the bride. The groom is the son of Mrs. Ethel A. Prutzman, 26 South Washington street, Boyertown, and Victor Prutzman, Reading.

Pre-nuptial music was sung by Oscar Bicker. His selections included "O Promise Me," "I Love You Truly," and "The Lord's Prayer." Mabel Dellicker played the piano.

The bride wore a ballerina length strapless gown of lace over satin with an accordion pleated bodice. A long sleeve lace jacket completed the costume.

A lace cap held her shoulder length veil, and she carried a Bible topped with a white orchid and streamers decorated with sweet peas.

Verdie Gaugler, her maid of

honor, wore a strapless ballerina length gown of blue net over taffeta. A matching stole covered her shoulders and she wore a blue velvet crown. Her bouquet was of red and white roses.

Frederick Smith, Boyertown RD 1, was the best man.

Following the wedding a reception was held for approximately 100 guests at the American Legion home in Boyertown. Hostesses were Emma Rhoads and Lizzie Leh. Mrs. Swavely, the bride's mother, wore a blue suit.

The bride attended area schools and is employed at Tung-Sol Electric incorporated, Boyertown. The groom was graduated from Boyertown High school in 1947 and is an employee of Melvin S. Kuser, Boyertown.

Book Week Slogan, 'Reading Is Fun,' Proved by Volumes in Local Library

"Colorful posters prominently displayed in the Pottstown public library declare "Reading Is Fun." And, the wealth of literary material being exhibited for children and adults is more than enough to prove the point.

Three hundred and ninety one new books are being shown in conjunction with the 35th annual celebration of National Book week.

Primarily juvenile in its background, the movement was originally started in an effort to get more and better books for children in the home. However, the local celebration is slightly different than others, in that it also includes a section on adult books.

Delving into the various children's books is enough to make you wish you were one of the grade school gang again. Colorful books, extensively illustrated deal with such fascinating subjects as how highways are built, various types of large machines, why we live where we do, and what's inside the earth.

One table specializes in material on nature study, while another has biographies, in graded series from the large print easy reading type, to the more adult form of novel.

Books about Christmas, that ever popular topic with the younger set, are in a group of their own. And story books are there in such abundance and so delightfully illustrated that it's almost more than one can do to pass them up and go on to examine the rest of the display.

"Signs of the times," are also evident... for who but a child of the 20th century would delve into books about television and outer-space travel!

Teenagers are not neglected either: As a matter of fact, more volumes are being displayed for them than in any previous year from the large print easy reading type, to the more adult form of novel.

10 'Enemy' Planes to Attack Borough In Mock Bombing Raid Tuesday Night

Plans for a simulated air attack on Boyertown Tuesday night have been completed, according to Burgess James A. Fritz, with planes from the Pottstown Civil Air patrol and simulated bombs to be set off in the borough.

Representatives of the Volunteer Medical Service corps of the Reading office of Berks county civil defense met with borough officials and other service organization representatives to complete the plans.

East Philadelphia avenue, between Reading and Chestnut streets, will be the scene of the mock raid and will include real "victims" and a simulated fire in one of the borough buildings.

All five units of the VMSC, the medical division of the Reading civil defense organization, will come in a convoy from Reading to participate in the mock attack, aid "victims" and establish casualty collecting stations and emergency hospitals. Directing the units will be Harry Stauffer, battalion commander of the VMSC.

The mock attack will be made at 8:15 p. m., with ten planes from the Pottstown Civil Air patrol participating. The signal will be relayed from ground observers in Boyertown to town hall, South Reading avenue, where the "red alert" will be sounded. All citizens are required to take cover and act as if it is an actual raid.

The "all clear" will be sounded after the planes pass over the borough. Simulated bombs will be put off near the Eastern Foundry company on Spring street, making it more realistic. The communications division will then signal the medical units to move in after the Boyertown fire departments come in to do rescue work from buildings and also to put out the "fires."

The medical units will take care of the "victims" on the spot with emergency first aid and then transport them in trucks to the Keystone Fire company Rainbow room where

an emergency hospital will be set up.

Dr. Andrew McKane, Boyertown, and Dr. John Scully and Dr. Leroy Gehris, will be in charge of the hospital. The latter two are from Reading and are coordinators of the medical division of the Berks county civil defense.

UNITS OF THE VMSC scheduled to come to Boyertown from Reading for the air attack include the Reading Hose company, the Schuylkill Fire company, Hampden Fire company, Pagoda Motorcycle club and the Seventh-Day Adventist church.

Thomas K. Leinbach, county commander of the VMSC, and Mrs. Marguerite Voss Osman, executive secretary of Berks County Civil Defense council, are expected to attend the alert.

Local representatives aiding Fritz are from the Boyertown branch of the American Red Cross, Boyertown Lions Community Ambulance Service corporation, Keystone Fire company, Friendship Hook and Ladder company, auxiliary policemen and borough council.

Chief of Police Henry E. Groff will direct the auxiliary policemen at the alert: Between 45 and 50 members of the local Boy Scout troops will serve as "casualties." J. Clifford Levensong is representing borough council.

Do You Remember?

Those grand old days when Pottstown and area was in its infancy—Here's another photo that may recapture a few moments of eternity for you, a picture to stir your memory and let you catch a glimpse of the past.

Turning back the clock 30 years, here are the late Mr. and Mrs. C. August Shuhart, standing in front of the general store and postoffice they conducted in Sanatoga for nearly 50 years.

Their store was on the north side of Route 422, just east of Pleasantview road.

The postoffice since has been moved to the south side of the highway. The photo was loaned by Mrs. Samuel Smith, Pottstown RD 4.

and Mrs. Carl Becker, now African missionaries but former residents of Boyertown. The Rev. and Mrs. Becker expect to join the elder Beckers some time early next year.

The planet Mercury rotates on its axis once in 88 days.

Beckers Will Speak At Church Service

The Rev. and Mrs. Carl K. Becker Jr. will be guest speakers at services tomorrow night at 7:30 o'clock in Trinity Evangelical Congregational church, Boyertown.

Jury Acquits Man In Wrong Cow Case

CHATHAM, Va., Nov. 20 (AP)—A Pittsylvania county circuit court jury closed out a case of apparent mistaken identity in cows when it acquitted Hartwell Allen of a charge of grand larceny of a neighbor's cow.

The trial, one of the most bizarre here in years, grew out of an apparent mixup in cows when Allen's animal strayed into an adjoining pasture with cows owned by Wilbur Edwards.

Allen testified he found, or thought he found, his cow in his neighbor's pasture. He loaded the animal on his truck and took her to town, where he traded the animal for another cow.

Edwards testified he discovered a cow missing from his herd. It developed there were two cows—almost exactly alike—with one belonging to Allen and one to Edwards.

'The Portrait of a County' to Be Shown At Meeting of Agricultural Association

Among the subjects of interest to Montgomery County Farmers at the annual meeting of the Montgomery County Agricultural Extension Association to be held in the Hendricks hall, Collegeville, Tuesday, Dec. 8, will be a 30-minute sound colored motion picture of Montgomery county entitled, "The Portrait of a County."

This film was made by the motion picture studio of the Pennsylvania State college in co-operation with the county commissioners of Montgomery county. The picture portrays the history of the daily life of the people of the county and those who carry on the business of the county government.

Opening scene of the film will be a jury scene in the courthouse at Norristown. After that the film picks up the story of three of the jurors — a farmer, a teacher and a businessman — and carries through on their views of the county government. Business activities of the county, the laws under which it operates, and other aspects of county life will be shown through the eyes of the trio.

The \$28,000 film is designed to acquaint residents of all ages throughout the county with the relationship of the individual to the complex functions of county government. This new, revolutionary step for

Record Prices Paid At Livestock Show

TIMONIUM, Md., Nov. 20 (AP)—The Eastern National Livestock show counted up some new records with bidders paying \$5 a pound for beef and \$10 for lamb as champion animals were placed on the auction block.

A half-ton Angus steer named Sundown, shown by C. E. Yoder of Muscatine, Ia., went for nearly \$5000 or \$5 a pound—almost double the premium paid for a previous grand champion here.

"That's undoubtedly the highest price ever paid in the East for a steer," said Joseph Whitney Shirley Jr., Timonium manager. The world's record is \$7 a pound paid at the International Livestock show at Chicago.

Raymond C. Heniz, Baltimore, packer who has purchased the grand champion for 25 straight auctions, was the buyer.

Refugees to Receive Shipment of Cattle

BREMERHAVEN, Germany, Nov. 20 (AP)—The freighter "American Importer" arrived here with 58 heifers and one bull. Most of the animals will be given to East German refugees trying to start new farms in Western Germany.

The Rev. Milton L. Hershey, 58, and Jere Cassel, a 40-year-old farmer, both of Manheim, Pa., arrived on the same ship. They made the trip in behalf of

the Interfaith Rehabilitation agency.

The agency has shipped thousands of farm animals to many countries since the war, including 1395 cattle to Western Germany.

Trojans Gain 5th Win, Defeat Raiders, 36-7

CARL BURNS SCORES 2 ON RUNS OF 34, 91

By ED TAGGERT

The points flowed into the Pottstown High till with remarkable ease yesterday as the Trojans continued their march on the Ches-Mont title by defeating Coatesville, 36-7.

Long scoring runs featured the Trojans fifth victory of the campaign as they upped their league record to three wins, a loss and a tie. The victory moved the charges of coach Heeb Meyers into first place in the Ches-Mont league with seven points. Downingtown, West Chester, Phoenixville and Bridgeport each have six.

The stage is now set for the important Thanksgiving Day game at Franklin field between the Trojans and Downingtown. A victory will definitely give Pottstown the crown. The Whippets meet Berwyn today, but whether they win or lose they will still be fighting for the title on Turkey Day.

Carl Burns was the scoring and running star of the day as he tallied on runs of 34 and 91 yards. Wilson Bedell ran back a kickoff 81 yards for a TD, Tony Giangiacomo toted an intercepted pass 72 yards for a score, and Bill Kerr bucked over from the 2 for the first touchdown of his football career. The other TD came on a 45-yard pass play from Jim Kirk to Mac Shirey.

When it was all over Coatesville had suffered its ninth straight defeat in probably the worst season the school has ever witnessed. Sophomore

Shirey made an outstanding catch on the 15 between two defenders, Roscoe Brown and Dick Walker. Mac juggled the ball as he came down with it and then scooted away from the pair of Raiders for the tally.

That concluded the first half point making but it was quickly resumed the first time Pottstown gained possession in the third period.

KERR HALTED a Coatesville threat by intercepting on his own 3. Two short gains by Kerr and Clark Burns moved the ball out to the 9. On the same play that he scored his first touchdown, Carl Burns whipped around right end and headed for the other end of the field.

Brown had a clean shot at him

Last Barrier for UCLA

Bruins, Trojans Clash in "Must" Game

LOS ANGELES, Nov. 20 (AP)—The UCLA football team reaches the end of the road that branches off to the Rose bowl tomorrow and the Bruins may discover the way blocked by the stalwart Trojans of Southern California.

Upwards of 90,000 will be on hand in Memorial coliseum to watch the Bruins try to hurdle the final barrier, and many millions more will see the affair over a nationwide television hookup.

It will be up to the Bruins, coupled with an event ready to unfold 400 miles to the north at Palo Alto, to decide the Rose bowl race.

The Trojans aren't going anywhere much, being ineligible for the bowl bid and having only a slim chance of landing the less remunerative Pacific Coast conference title.

UCLA MUST whack their cross-town neighbors, and at Palo Alto California must unseat Stanford from the driver's role, if UCLA is

Trojans Gain 5th Win, Defeat Raiders, 36-7

CARL BURNS SCORES 2 ON RUNS OF 34, 91

By ED TAGGERT

The points flowed into the Pottstown High with remarkable ease yesterday as the Trojans continued their march on the Ches-Mont title by defeating Coatesville, 36-7.

Long scoring runs featured the Trojans fifth victory of the campaign as they upped their league record to three wins, a loss and a tie. The victory moved the charges of coach Heeb Meyers into first place in the Ches-Mont league with seven points. Downingtown, West Chester, Phoenixville and Bridgeport each have six.

The stage is now set for the important Thanksgiving Day game at Franklin field between the Trojans and Downingtown. A victory will definitely give Pottstown the crown. The Whippets meet Berwyn today, but whether they win or lose they will still be fighting for the title on Turkey Day.

Carl Burns was the scoring and running star of the day as he tallied on runs of 34 and 91 yards. Wilson Bedell ran back a kickoff 81 yards for a TD, Tony Giangiacomo toted an intercepted pass 72 yards for a score, and Bill Kerr bucked over from the 2 for the first touchdown of his football career. The other TD came on a 46-yard pass play from Jim Kirk to Mac Shirey.

When it was all over Coatesville had suffered its ninth straight defeat in probably the worst season the school has ever witnessed. Sophomore

JV Game Today

The Pottstown High junior varsity team will host the Coatesville jayvees this morning at 10:30 at Franklin field.

Jim Townsley prevented a shutout when he zipped 45 yards through the middle of the Trojan line for the Raiders only touchdown in the last period.

Pottstown wasted no time getting its first six points. Howie Bedell brought the opening kickoff back to his own 30. Two carries by Carl Burns moved the ball into Coatesville territory for a first on the 49.

The first pass quarterback Jim Kirk attempted was intercepted by the Raiders' Joe Mayo but the defending team was penalized and with Kerr and Clark Burns picking up short yardage, the Trojans reached the 34.

KIRK SENT Carl Burns around right end on a reverse and behind terrific blocking the Senior halfback went all the way. Co-captain Joe Rettew wiped out the Coatesville left end and Bill Fisher was downfield to clean out the secondary.

Kicking specialist Tom Troutman had a bad afternoon and missed the first of four off-center conversion attempts.

The Trojans were stymied by 60 yards in penalties in the first quarter eliminating a pair of 22-yard runs by Howie Bedell.

Early in the second period the winners began to roll again starting on their own 31. Carl Burns, Josh Sova and Kerr did the gaining in this advance. At the Coatesville 46, Kirk tried his second pass and it was good for a touchdown.

Shirey made an outstanding catch on the 15 between two defenders, Roscoe Brown and Dick Walker. Mac juggled the ball as he came down with it and then scooted away from the pair of Raiders for the tally.

That concluded the first half point making but it was quickly resumed the first time Pottstown gained possession in the third period.

KERR HALTED a Coatesville threat by intercepting on his own 3. Two short gains by Kerr and Clark Burns moved the ball out to the 9. On the same play that he scored his first touchdown, Carl Burns whipped around right end and headed for the other end of the field.

Last Barrier for UCLA

Bruins, Trojans Clash in "Must" Game

LOS ANGELES, Nov. 20 (AP)—The UCLA football team reaches the end of the road that branches off to the Rose bowl tomorrow and the Bruins may discover the way blocked by the stalwart Trojans of Southern California.

Upwards of 90,000 will be on hand in Memorial coliseum to watch the Bruins try to hurdle the final barrier, and many millions more will see the affair over a nationwide television hookup.

It will be up to the Bruins, coupled with an event ready to unfold 400 miles to the north at Palo Alto, to decide the Rose bowl race.

The Trojans aren't going anywhere much, being ineligible for the bowl bid and having only a slim chance of landing the less remunerative Pacific Coast conference title.

UCLA MUST whack their cross-town neighbors, and at Palo Alto California must unseat Stanford from the driver's role, if UCLA is

ONLY ONE GOT UP—Coming in for a one-point landing is Pottstown High's Milt Wensel after taking an eight-yard pass from Jim Kirk in the third quarter of yesterday's game at Coatesville. The Trojans won the game, 36-7. On the ground next to Wensel is Jim Mayo, a Coatesville defensive back who

was injured on the play. Outweighed by about 80 pounds, Mayo tried to lift Wensel as he tackled him. He left the game with a strained back. No. 2 for Coatesville is Jerry Rezek. Other Coatesville men are John Joe, 5, and Warren Hardy, 62. Joe Schutz, 68, is the other Pottstown player.

Boyertown Gains In Kegler Loop; Irv Seeders High

Boyertown picked up a game on second place Erb's Truckers in the Pottstown Major Bowling league Thursday night at the Owls alleys.

The Berks county team defeated Builder's Supplies, 2-1, while the Erb's were going down before Pottstown Owls by the same count. Carl Young's Distributors evened its record for the season by defeating Umstead Truckers, 2-1.

Irv "Moony" Seeders had another big night by hitting for a 683 triple. Russ Clemmer copped the high single game prize with a 266. Cris Baum had the next best score, 248.

The Owls from Boyertown finished with the high team awards with 1040 and 2935.

YMCA to Offer Judo Instruction

Gerry Fling, YMCA athletic director, is planning to conduct sports judo classes for men and women.

He will install the new program as soon as he gets enough entries to the classes.

His present plans call for a co-ed class on Thursday evenings from 7 to 8 o'clock. On Friday nights he will hold an hour class for men only.

SPORTS JUDO, as Fling describes it, is learned to protect one's self against attack. Girls, he explains, have quicker reflexes than men and adapt themselves to judo very quickly.

Interested persons should contact Fling at the Y.

UNBEATEN UPPER PERK INDIANS HOST ROYERSFORD TODAY

The local football spotlight turns on East Greenville where Upper Perkiomen High will risk its unbeaten streak against visiting Royersford High at 2 o'clock.

The Indians of coach Dave Pritchard need only to win today and again on Thanksgiving Day against Boyertown to complete a near perfect season. The Perkers were tied, 7-7, by Quakertown in the first game of the season. Since that time they have knocked over six opponents, several by lopsided scores.

The giant schedule tackled by the Royersford Eagles has gotten

the best of them for the most part. After losing their first three games, they won two in a row, and then slumped again to drop their last three.

BUT COACH BOB MCNELLY has a team that is capable of pulling an upset. They have had their troubles but only in the first two games were they heavily outscored. Since that time they have battled every foe right down to the whistle, three of their last four losses being by only one touchdown.

Upper Perk is fresh from a 14-0 win over Emmaus the past Satur-

Oilman Donates 2 1/4 Million to Houston College

HOUSTON, Tex., Nov. 20 (AP)—Hugh Roy Cullen, pleased with the school's upset football victory over Baylor, gave another \$2,250,000 today to the University of Houston.

The Houston oilman and philanthropist, chairman of the university's board of regents, already had given the school approximately \$25,000,000. In 1947 he and Mrs. Cullen established a \$160,000,000 foundation for educational, medical and charitable purposes.

Cullen announced his latest gift while making a brief appearance at a late morning campus pep rally for tomorrow's game with powerful Texas Tech.

"The great spirit and determination shown by the Cougars last Saturday in defeating Baylor fills me with enthusiasm and prompts me to do something for our great university," he said.

HOUSTON, after a disappointing record of two victories against three defeats and a tie, handed a 37-7 defeat to Baylor, which, at the time, ranked ninth in the weekly Associated Press poll.

In explaining today's gift, Cullen said campus improvements needed to obtain accreditation from the Southern association of Colleges and secondary schools "will put the university in the red by \$830,000."

"To help this situation, I have decided to give the university \$2,250,000 in oil payments," he said. There was no immediate disclosure of how the payments will be made.

Bears Meet Demons In Season's Finale At Patterson Field

Win, lose or draw in today's scrap with Dickinson, coach Ray Gurszynski's Ursinus college Bears have already racked up a record this season that tops any since 1933.

The past week's loss to undefeated Juniata brought the Bears to the 4-2 mark, and Gurszynski hopes to make it 5-2 this afternoon in the season's finale at Patterson field. Even if Dickinson, who has only won two games this year, should upset the Bears, Ursinus will still finish the season with a better than .500 average.

The Red Demons hold a substantial lead in the series that goes back to 1894, having won 20, dropped nine and tied five against the Bears. In recent years, Dickinson has had things pretty much its own way in clashes between the two clubs.

BEAR HALFBACK Dick Glock, who now has a point total of 43 points, will have his last chance to improve his position among the Philadelphia area collegiate players. He is now in second place.

On the line at the kickoff for the host Bears will probably be Ed Sella and Dan Schwenk, ends; Tap Webb and LeRoy Krasley, tackles; captain Frank Kolp and John Anderson, guards; George Aucott, center; Paul Neborak, quarterback; John Conti and Dick Glock, halfbacks, and Ben Maliken, fullback.

Rain to Relieve Fire Threat

HARRISBURG, Nov. 20 (AP)—Dr. Logan Bennett, executive director of the Pennsylvania Game commission, said today he "had not heard" of any proposals to call off the hunting season in Western Pennsylvania because of forest fire danger.

"Nobody has stressed the danger of fires in that area," Bennett said. "We know it is very dry in Ohio, but the prospect of rains soon is good. We haven't been concerned about it the past few days with the rain coming."

Bennett said the weather bureau here has predicted rains in that area soon.

At the same time Bennett said the governor is the only person who can call off the hunting season. Gov. John S. Fine left for a visit to Israel this week.

Bowl Conscious Teams Play In All-Important Games Today

NEW YORK, Nov. 20 (AP)—The contests for the mythical national college football championship and for the very real bowl invitations take on increasing importance tomorrow as the 1953 season nears an end. And there's a strong possibility that it may take a vote to decide what teams get the honors and the cash.

Notre Dame and Maryland, one-two in the Associated press ranking poll and the only undefeated major teams, are the top contenders for the national title. If they should run into trouble against Iowa and Alabama tomorrow, the ballots of the experts likely would decide the final standings. It's very much the same in bowl competition, where various conferences may have to vote for their representatives.

Notre Dame, the No. 1 team, runs up against Iowa, which has spoiled winning streaks for the Irish on several occasions. It could happen again, as Iowa's decisive victories over Purdue and Minnesota indicate.

Maryland, No. 2, winds up its regular season against Alabama, another bowl-conscious team. This won't affect Maryland's ranking in the Atlantic Coast conference, but it still is a question whether Maryland or Duke will face Oklahoma in the Orange bowl.

OKLAHOMA CLINCHED its place by winning the Big Seven title, regardless of tomorrow's game against Nebraska. Duke also has a non-conference game against Georgia Tech tomorrow, then plays North Carolina next week.

The situation regarding the other bowls is this:

UCLA and Stanford from the Pacific Coast conference and Michigan State and Illinois from the Big Ten are the Rose Bowl eligibles. UCLA faces powerful Southern California in the day's television special and Stanford plays California tomorrow. Michigan State, its conference season over, meets Marquette and Illinois plays weak Northwestern.

If they don't decide the titles on the playing field, ballots are in order.

Four teams still have chances of winning the "host" position in the Cotton bowl game, which goes to the Southwest conference champion.

Chico's Southpaw Attack Fails

Martinez Wins Unanimous Decision After Dropping Vejar in Second Round

NEW YORK, Nov. 20 (AP)—Flashy, fast, and vicious, Martinez used a jabbing left-right combination to whip Chico Vejar, a swarming soldier boy from Ft. Benning, Ga., and a Stanford, Conn., tonight in a rousing 10-round bout at Madison Square Garden. Martinez weighed 149½, Vejar 150½.

Martinez, the 1952 "Rookie of the Year" from Paterson, N. J., dropped Vejar for an automatic eight-count in the second round enroute to his unanimous decision.

Referee Pete Scalzo and Judge Frank Forbes scored it 6-4 for Martinez and Judge Artie Aidaia 6-3-1 for Martinez.

The AP card was 6-2-2, also for Vinnie.

Vejar had upset Martinez last March 13 shortly before he was inducted into the Army. He was home on leave from his post as boxing instructor and trainer at Ft. Benning for this rematch.

Chico banged away at Vinnie's body, tried to confuse him by switching southpaw in the sixth and ninth. The change only brought Vejar into range for more Martinez rights.

MARTINEZ STARTED strong, driving home a hard right to the jaw at the two-minute mark of the first round. Just before the bell, after he had slipped down and bounced up, he cut loose a wild flurry that drove Vejar across the ring.

Midway in the second, Martinez landed a right to the jaw that dropped Chico. Although he was up at one, he had to take an automatic eight-count.

The knockdown seemed to arouse Vejar who came out with a rush in the third, slamming to the body with a persistent attack. Martinez seemed to be firing and was gasping for breath. He kept it up in the fourth and had Martinez squirming and turning as he tried to escape the body fire.

At one stage of the third, Vejar said to Martinez, "You don't like it down there (in the body) do you?"

The southpaw attack by Vejar in the sixth backfired for Martinez, who waited and scored with his right. With 45 seconds to go in the round, Chico went back to his right handed style.

Vejar kept swarming in, flailing away, while Martinez was sharp shooting the rest of the way. Chico's eye puffed up in the ninth and opened up in the tenth.

"I COULDN'T get off," said a

Martinez in a previous garden four-rounder.

The Phoenixville battler has appeared twice in this area recently, both times at promoter Jim DiCindio's outdoor slugfests at the Gabelsville Ball park.

Davis Cup Hopes Tumble for US; Americans Lose

SYDNEY, Australia, Nov. 20 (AP)—America's hopes for regaining the Davis cup from Australia, buoyed by September victories in the US National championships, hit rock bottom today when the Aussies' Ken Rosewall and Lewis Hoad defeated the US pair of Vic Seixas and Tony Trabert for the New South Wales championship. The scores were 6-3, 3-6, 4-6, 6-3, 7-5.

Coming on the heels of victories by Rosewall and Hoad in the singles semi-finals yesterday, today's triumph greatly boosted the home team's stock for the Davis cup challenge round. Davis cup play consists of four singles matches and one doubles match.

The Australian aces, who will play each other for the singles title tomorrow, made a quick start in an effort to show the home folks their victories in the Wimbledon and French doubles championships were no flukes.

They swept into a 3-0 lead and held the margin for the first set. Trabert, the US National champion, began serving strongly and Seixas, the Wimbledon champion, helped out with winners at the net as the Americans won the second and third sets decisively.

Trojans Win

at midfield, but Burns slipped through his arms and kept on going. He turned on an extra burst of speed at the 30 when another Raider threatened.

On the last play of the third period, Kirk hit Wilson Bedell with a screen pass behind the line of scrimmage. Wilson had four blockers out in front and went from the Coatesville 27 to the 1 before he was knocked down.

Kerr, who again played an outstanding game, was brought in to score the touchdown. He was stopped on the two first time he tried. That was only the second time all year he has lost ground. On second down he cut back over right guard for the score.

The Raiders came back for their touchdown on the next series of downs. After grinding out two first downs, the 130-pound Townsley bolted through the middle at the Trojan line and outraced Joe Lipko and Al Bodulus to the end zone. The play was good for 45 yards. Warren Hardy booted the extra point.

WILSON BEDELL hauled in the ensuing kickoff on his own 19 and waited for his blocking to form as he headed for the sideline to his left. He cut back upfield and followed an open lane. At the 50, Kerr dove heading into the last defender and Bedell skipped around the tumbling pair and was on his way. He had a three-man escort the rest of the way but they weren't necessary.

The Trojans tallied once more on the next to the last play of the game. A reserve quarterback, Lew Molnar was sent in to pass. He tried to but just as he let the ball go Flip Smoyer banged into him. The ball wobbled a few yards into the waiting arms of Giangiacomo. After being a defensive star all afternoon, Tony got his chance to shine as a runner and away he went. He raced 72 yards without a hand laid on him and that was the ball game.

Joe Rettew intercepted two Coatesville passes and scored on one of them but one of his mates was charged with clipping and the play was called back to the Coatesville 45.

DAILY CRYPTOQUOTE—Here's how to work it:

AXYDLBAAXR
is LONG FELLOW

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Bowl Conscious Teams Play In All-Important Games Today

NEW YORK, Nov. 20 (AP)—The contests for the mythical national college football championship and for the very real bowl invitations take on increasing importance tomorrow as the 1953 season nears an end. And there's a strong possibility that it may take a vote to decide what teams get the honors and the cash.

Notre Dame and Maryland, one-two in the Associated press ranking poll and the only undefeated major teams, are the top contenders for the national title. If they should run into trouble against Iowa and Alabama tomorrow, the ballots of the experts likely would decide the final standings. It's very much the same in bowl competition, where various conferences may have to vote for their representatives.

Notre Dame, the No. 1 team, runs up against Iowa, which has spoiled winning streaks for the Irish on several occasions. It could happen again, as Iowa's decisive victories over Purdue and Minnesota indicate.

Maryland, No. 2, winds up its regular season against Alabama, another bowl-conscious team. This won't affect Maryland's ranking in the Atlantic Coast conference, but it still is a question whether Maryland or Duke will face Oklahoma in the Orange bowl.

OKLAHOMA CLINCHED its place by winning the Big Seven title, regardless of tomorrow's game against Nebraska. Duke also has a non-conference game against Georgia Tech tomorrow, then plays North Carolina next week.

The situation regarding the other bowls is this:

UCLA and Stanford from the Pacific Coast conference and Michigan State and Illinois from the Big Ten are the Rose Bowl eligibles. UCLA faces powerful Southern California in the day's television special and Stanford plays California tomorrow. Michigan State, its conference season over, meets Marquette and Illinois plays weak Northwestern.

If they don't decide the titles on the playing field, ballots are in order.

Four teams still have chances of winning the "host" position in the Cotton bowl game, which goes to the Southwest conference champion.

Chico's Southpaw Attack Fails

Martinez Wins Unanimous Decision After Dropping Vejar in Second Round

NEW YORK, Nov. 20 (AP)—Flashy Vince Martinez used a stabbing jab and punishing left-right combinations to whip Chico Vejar, a swarming soldier boy from Ft. Benning, Ga., and a Stamford, Conn., tonight in a rousing 10-round bout at Madison Square Garden. Martinez weighed 149½, Vejar 150½.

Martinez, the 1952 "Rookie of the Year" from Paterson, N. J., dropped Vejar for an automatic eight-count in the second round enroute to his unanimous decision.

Referee Petey Scalzo and Judge Frank Forbes scored it 6-4 for Martinez and Judge Artie Aidala 6-3-1 for Martinez.

The AP card was 6-2-2, also for Vinnie.

Vejar had upset Martinez last March 13 shortly before he was inducted into the Army. He was home on leave from his post as boxing instructor and trainer at Ft. Benning for this rematch.

Chico banged away at Vince's body, tried to confuse him by switching southpaw in the sixth and ninth. The change only brought Vejar into range for more Martinez rights.

MARTINEZ STARTED strong, driving home a hard right to the jaw at the two-minute mark of the first round. Just before the bell, after he had slipped down and bounced up, he cut loose a wild flurry that drove Vejar across the ring.

Midway in the second, Martinez landed a right to the jaw that dropped Chico. Although he was up at one, he had to take an automatic eight-count.

The knockdown seemed to arouse Vejar who came out with a rush in the third, slamming to the body with a persistent attack. Martinez seemed to be tiring and was gasping for breath. He kept it up in the fourth and had Martinez squirming and turning as he tried to escape the body fire.

At one stage of the third, Vejar said to Martinez, "You don't like it down there (in the body) do you?"

The southpaw attack by Vejar in the sixth backfired for Martinez waited and scored with his right. With 45 seconds to go in the round, Chico went back to his right handed style.

Vejar kept swarming in, flailing away, while Martinez was sharp shooting the rest of the way. Chico's eye puffed up in the ninth and opened up in the tenth.

"I COULDN'T get off," said a

Martinez in a previous garden four-rounder.

The Phoenixville battler has appeared twice in this area recently, both times at promoter Jim DiCindio's outdoor slugfests at the Gabelsville Ball park.

Shoulder Separation Finishes Enke for '53

BALTIMORE, Nov. 20 (AP)—Fred Enke, Baltimore Colt quarterback, will not be able to play the last four games of the National Football league season.

The Colts announced today examinations had shown a right shoulder separation Enke suffered in last Sunday's game with the Philadelphia Eagles would not mend in time for any more games this year. Enke was obtained from the Eagles and did virtually all of the Colt quarterbacking up until he was hurt in the first half last Sunday.

MARCIANO LOSES FIRST

Tommy Marciano, fast-stepping Phoenixville welterweight, was handed the first defeat of his pro career last night at Madison Square garden on a TKO in 2:31 of the fifth round of his scrap with Johnny Busso.

Busso, of New York's East side, snapped a streak of 17 wins for Marciano. Busso had suffered his only setback to

Davis Cup Hopes Tumble for US; Americans Lose

SYDNEY, Australia, Nov. 20 (AP)—America's hopes for regaining the Davis cup from Australia, buoyed by September victories in the US National championships, hit rock bottom today when the Aussies' Ken Rosewall and Lewis Hoad defeated the US pair of Vic Seixas and Tony Trabert for the New South Wales championship. The scores were 6-3, 3-6, 4-6, 6-3, 7-5.

Coming on the heels of victories by Rosewall and Hoad in the singles semi-finals yesterday, today's triumph greatly boosted the home team's stock for the Davis cup challenge round. Davis cup play consists of four singles matches and one doubles match.

The Australian aces, who will play each other for the singles title tomorrow, made a quick start in an effort to show the home folks their victories in the Wimbledon and French doubles championships were no flukes.

They swept into a 3-0 lead and held the margin for the first set. Trabert, the US National champion, began serving strongly and Seixas, the Wimbledon champion, helped out with winners at the net as the Americans won the second and third sets decisively.

Trojans Win

at midfield, but Burns slipped through his arms and kept on going. He turned on an extra burst of speed at the 30 when another Raider threatened.

On the last play of the third period, Kirk hit Wilson Bedell with a screen pass behind the line of scrimmage. Wilson had four blockers out in front and went from the Coatesville 27 to the 1 before he was knocked down.

Kerr, who again played an outstanding game, was brought in to score the touchdown. He was stopped on the two the first time he tried. That was only the second time all year he has lost ground. On second down he cut back over right guard for the score.

The Raiders came back for their touchdown on the next series of downs. After grinding out two first downs, the 130-pound Townsley bolted through the middle at the Trojan line and outraced Joe Lipko and Al Bodulus to the end zone. The play was good for 45 yards. Warren Hardy booted the extra point.

WILSON BEDELL hauled in the ensuing kickoff on his own 19 and waited for his blocking to form as he headed for the sideline to his left. He cut back upfield and followed an open lane. At the 50, Kerr dove headlong into the last defender and Bedell skipped around the tumbling pair and was on his way. He had a three-man escort the rest of the way but they weren't necessary.

The Trojans tallied once more on the next to the last play of the game. A reserve quarterback, Lew Molnar was sent in to pass. He tried to but just as he let the ball go Flip Smoyer banged into him. The ball wobbled a few yards into the waiting arms of Giangiacomo. After being a defensive star all afternoon, Tony got his chance to shine as a runner and away he went. He raced 72 yards without a hand laid on him and that was the ball game.

Joe Rettew intercepted two Coatesville passes and scored on one of them but one of his mates was charged with clipping and the play was called back to the Coatesville 45.

Tall Boxer

The tallest fighter in ring history was Henry Johnson from Ottawa, Canada, who fought between 1898 and 1900. He was seven feet two and weighed 265 pounds.

Try and Stop Me

By BENNETT CERF

WHEN OLIN CLARK was an MGM nabob he was told that the studio was interested in one of the inimitable tales of James Thurber. Clark tracked his man by phone to a Vermont hideaway and asked him to set a price on the story. "Jim" promptly said, "A hundred thousand dollars." Clark murmured, "Thanks, anyhow," and started to hang up. "Hey, wait a minute!" protested Thurber, very quickly. "Don't you guys want to haggle?"

In Glendale, Calif., writes ace columnist Matt Weinstock, a husky lad entered John Valentine's book store and purchased two leather-bound Bibles. "One of them," he explained, "is for myself, the other for a guy at our shop I'm trying to convert. There's gambling there and this fellow is the ringleader." As the clerk wrapped the volumes, she remarked, "I hope you succeed in converting him." "I do too," said the purchaser. "They've laid me 5-to-1 I can't."

YOU CAN'T BE TOO CAREFUL - IT'S SAFE TO WORK ON THE RAFT AGAIN -

WHAT DID YOU MEAN BY ARMOR PLATING THE RAFT, MR. BRANDT?

WE'VE NO ARMOR, IT'S TRUE, BUT WE'LL NEED SOMETHING TO PROTECT US FROM THE ROCKS -

...LATER... THERE SHE IS - READY TO LAUNCH!

MUGGS MCGINNIS

SO YOU'VE BEEN FIGHTING AGAIN?

YES... WITH THAT NEW BOY ON THE NEXT BLOCK - AND HE'S QUITE A BOYER!

SO I SEE! I SUPPOSE YOU'VE BEEN LEADING WITH YOUR RIGHT AGAIN?

OH NO... BUT HE LED WITH HIS RIGHT!

WELL, IF YOU HAD REMEMBERED WHAT I TOLD YOU YOU COULD HAVE AVOIDED THE PUNCH... AND CAUGHT HIM OFF BALANCE!

BUT GRAPES. THERE'S ONE THING YOU DIDN'T TELL ME...

...WHAT TO DO WHEN A SOUTHPAW LEADS WITH HIS RIGHT!!

Injured in Crash, Youth Must Face Driving Charges

State Police said yesterday charges of reckless driving will be brought against a 20-year-old Spring City RD 1 motorist, following an accident late Thursday night on Route 83, near Valley Forge.

The youth, John Romaine White, was admitted to Phoenixville hospital, where last night his condition was reported "satisfactory." Trooper Frank Nuthren, Pottstown, said action would be filed against the injured youth when he is discharged from the hospital.

According to police, White was driving south on Route 83 about 11 p. m. Just south of the entrance to the Spring City Senior Citizens Center, the wheels of his car skidded off the right side of the road.

In an attempt to get back on the highway, he turned sharply to the left and lost control. His car shot across the road toward a machine coming the other direction, driven by Walter Sadler, 35, West Chester RD. Following him was Paul N. Rabin, of Philadelphia.

White's right front fender hit the right front fender of the car driven by Sadler, and then his car ran up an embankment to the left, ripping the chassis off the undercarriage. The wreck rolled over into the right side of Rabin's car.

The car driven by the youth, valued at \$700, was demolished. Damage to Rabin's car was estimated at \$500, and to Sadler's vehicle, about \$75.

Front Ends Damaged As Autos Collide at Borough Intersection

Front ends of two cars were damaged in an accident at Washington street and Third Avenue, Royersford, yesterday about 5 p. m.

According to police report, Jacob Bible, 718 Church street, Royersford, driving a 1952 truck, was going west on Washington street.

At the same time, police said, Gerald J. Shear, 305 Union street, Royersford, going north on Third Avenue in a 1952 sedan, had stopped at the stop sign and pulled out again to cross Washington street and did not see the other car approaching on Washington street.

As they collided at the intersection, the right front fender, headlight and steering gear of Bible's vehicle were damaged. Only damage to Shear's car was to the left front fender. Patrolman Richard Batturs investigated.

CHARLES STILES ADDRESSES CLUB

Freedoms Foundation Secretary Explains Organization

A film of Revolutionary War days, "The Unknown Soldier," was shown by Charles Stiles, secretary of the Freedoms Foundation, Valley Forge, at the November dinner-meeting of Chesmont Business and Professional Women's club.

Spring City Senior Girl Scouts and their leaders were guests at the meeting Thursday night at Spring-Ford Country club.

Stiles, guest speaker at the meeting, told the group the Freedoms Foundation is a non-profit organization dedicated to the American way of life.

He explained it was founded four years ago by three men, Don Belding, Kenneth Wells and Edward Hutton, who had the foresight to see the public was slowly losing its freedom and resolved to do something about it.

Consequently, they made surveys of the people and their attitude toward the American way of life, and offered annual awards for sermons, editorials and what one contributes to preserve that way of life.

THE FOUNDATION has become nationally known through radio work and films and is now presenting "Call Me Freedom," a radio dramatization, Sunday nights at 7 o'clock over a Philadelphia station.

The theme of the program was followed through by Mrs. Viola Rothermel's pupils of the Fifth grade of Spring City elementary schools, who offered their own interpretation of what "the flag, the symbol of freedom, means to me and what the pledge of allegiance means to me."

Taking part were Alfred Lee Findeisen, Kenneth Maxwell, Dennis Biggers, Beverly Miller, Karen Janie, Kenneth Grater, Judy Horst, David Grubb, Raymond Bunn, Pamela Kocher, Kurt Findeisen, Dennis Irey, David Kells, John Dougherty, Betsy Moser, Billy Pursel, Joe Rhile Jr., Dolores DiGiuseppe, Elaine Wency.

Church Guild Meets At Royersford Home

A recent meeting of the World-Wide guild of Royersford Baptist church was held at the home of Mrs. Kenneth Ernst, 17 Second Avenue. Devotions were in charge of Mrs. Ernst, with Nancy Trego reading the scripture. Prayer circle was in charge of Dawn Slaughter, and Joanne Randall read "A Voice of the Past."

The business session was in charge of Nancy Trego, president. Plans were made for a Christmas party Dec. 16.

Present were Dawn and Kay Slaughter, Edith Bealer, Joanne Randall, Nancy Trego, Joyce and Shirley Prindle, Fay Sheeler, Cathy Buchanan, Patsy Fry, Thelma Ernst and Lillian Slaughter.

Jimmy Hepp, Richard Brower, Stephen Walley, Grace Todd, Carolyn Scheffey, Patsy Cullum, Jan Dill, Nancy Moore, Mary Alice Cloud and Bruce Marsland.

Joe Rhile Jr. led devotions and Jan Dill led the salute to the flag. Mrs. Arthur Hedrick, music supervisor of the grade schools, led the pupils in singing "My Flag," an original poem composed by Kurt Findeisen and set to music by members of the Fifth Grade music class.

Elizabeth Emrey, president of the club, welcomed the guests and members and turned the program over to Mrs. Grace Miller, chairman of education and vocations, who introduced the speaker, Marion Vogenitz led group singing.

DURING THE business meeting, Mrs. Dorothy Patrick announced that the Christmas party will be held Thursday, Dec. 17, and members were asked to bring a \$1 gift exchange and a gift for an underprivileged child, which should be marked for the age of boy or girl.

Mrs. Addison Allen, chairman of legislation, distributed ballots for members to fill out for action to be taken on legislation and which will be sent to the National BPW club in Washington, D. C.

Reports were given by Esther Bauer, recording secretary; Joseph Albert, treasurer; Mrs. Sara Royer, corresponding secretary; Evelyn Miller, finance chairman; and Marion Vogenitz, membership.

The club recommended Edna Yeagle for vice president of district 10.

Leaders of the Girl Scouts included Mrs. Charles Ludwig, neighborhood chairman; Mrs. Charles Nidhol, Mrs. Ella Moses, Mrs. George Guss and Rachel Martin, girls' athletic directress of Spring City High school.

Young Woman Jailed After Guilty Plea To Perjury Charge

By Staff Correspondent

NORRISTOWN, Nov. 20—After she pleaded guilty to a charge of perjury, Josephine Warliga, 22, of Eagleville, was committed to the county prison for a term of three to 23 months by President Judge Harold G. Knight today.

"We can't have people lying to the court and getting away with it," Judge Knight told the young woman.

She was arrested the past week on a warrant sworn out by Asst. Dist. Atty. Nicholas Larzelere, who claimed she gave false testimony at the trial of Nevyn Ost, of Collegeville, during the October session of criminal court.

Yost was accused of fornication and bastardy, the charges having been brought by Miss Warliga. On the witness stand, however, she claimed the Collegeville man was not guilty.

Since her testimony had been different at a preliminary hearing before Justice of the Peace Charles J. Gorman, Judge Knight ordered the woman arrested.

Yost is presently serving five months in the county prison for drunken driving.

State Secretary Reports On Drilling Operations

HARRISBURG, Nov. 20 (AP)—The State secretary of Internal Affairs said today drilling operations in the Driftwood-Benezette gas field are more rewarding than in the Leidy field.

"More deep gas wells have been completed, or are now drilling, in the Driftwood-Benezette gas field than were drilled in the famous Leidy field," said Secretary William S. Livengood Jr.

He noted that about 115 wells are now being drilled in the area, bringing the total to about 260 wells, as compared to 185 completed wells in the Leidy field in Clinton county.

Hearing Rescheduled On Water Complaints

HARRISBURG, Nov. 20 (AP)—The Public Utility commission today rescheduled to Dec. 1 a public hearing on complaints that the Mather Water company, Fredericktown, is furnishing inadequate service.

The hearing, to be held in the Waynesburg courthouse, originally was fixed for Dec. 8. It was moved up however when the PUC found that the earlier date would be more convenient for interested parties.

Injured in Crash, Youth Must Face Driving Charges

State Police said yesterday charges of reckless driving will be brought against a 20-year-old Spring City RD 1 motorist, following an accident late Thursday night on Route 83, near Valley Forge.

The youth, John Romaine White, was admitted to Phoenixville hospital, where last night his condition was reported "satisfactory." Trooper Frank Nuthren, Paoli barracks, said action would be filed against the injured youth when he is discharged from the hospital.

According to police, White was driving south on Route 83 about 11 p. m. Just south of the entrance to Freedom Foundation, the wheels of his car skidded off the right side of the road.

In an attempt to get back on the highway, he turned sharply to the left and lost control. His car shot across the road toward a machine coming the other direction, driven by Walter Sadler, 35, West Chester RD. Following him was Paul N. Rabin, of Philadelphia.

White's right front fender hit the right front fender of the car driven by Sadler, and then his car ran up an embankment to the left, ripping the chassis off the undercarriage. The wreck rolled over into the right side of Rabin's car.

The car driven by the youth, valued at \$700, was demolished. Damage to Rabin's car was estimated at \$500, and to Sadler's vehicle, about \$75.

Front Ends Damaged As Autos Collide at Borough Intersection

Front ends of two cars were damaged in an accident at Washington street and Third avenue, Royersford, yesterday about 5 p. m.

According to police report, Jacob Bible, 718 Church street, Royersford, driving a 1952 truck, was going west on Washington street.

At the same time, police said, Gerald J. Shear, 305 Union street, Royersford, going north on Third avenue in 1952 sedan, had stopped at the stop sign and pulled out again to cross Washington street and did not see the other car approaching on Washington street.

As they collided at the intersection, the right front fender, headlight and steering gear of Bible's vehicle were damaged. Only damage to Shear's car was to the left front fender. Patrolman Richard Batturs investigated.

State Secretary Reports On Drilling Operations

HARRISBURG, Nov. 20 (AP) — The State secretary of Internal Affairs said today drilling operations in the Driftwood-Benezette gas field are more rewarding than in the Leidy field.

"More deep gas wells have been completed, or are now drilling, in the Driftwood-Benezette gas field than were drilled in the famous Leidy field," said Secretary William S. Livengood Jr.

He noted that about 115 wells are now being drilled in the area, bringing the total to about 260 wells, as compared to 185 completed wells in the Leidy field in Clinton county.

Hearing Rescheduled On Water Complaints

HARRISBURG, Nov. 20 (AP) — The Public Utility commission today rescheduled to Dec. 1 a public hearing on complaints that the Mather Water company, Fredericktown, is furnishing inadequate service.

The hearing, to be held in the Waynesburg courthouse, originally was fixed for Dec. 8. It was moved up however when the PUC found that the earlier date would be more convenient for interested parties.

Pottstown's Finest

Hope for the future lies in Pottstown's schools. The Mercury is publishing pictures of Pottstown's finest, the children in our schools. Every day a new room of school children will be shown here. Save the series, and enjoy them anew in future years.

Chick Incubator Attracts Crowd at ABC Hobby Show

The always fascinating miracle of life being born into the world last night captured the attention of many area residents.

In this case, the attraction was a number of baby chicks being hatched in an incubator at the ABC hobby show.

Everyone had something to say about the exhibit, ranging from, "Gee, what do you know?" to "I hope the little devil makes it." This last comment was about a chick which had been struggling for a long time to free itself, but unfortunately had tried the wrong end of the shell.

He finally made it, however, and there were sighs of relief from the crowd clustered around.

THE FIRST sign of life was the thrusting of a beak through the shell of the egg, followed by an ever widening opening.

A moment of suspense followed, while the chick fought to get out of the shell, and then with one quick motion he was out.

The incubator will be there today, too, according to Joe Bowen, chairman of the show. It belongs to the Aaron Zook poultry farm and hatchery, Glen Moore.

HOBBY SHOW —

(Continued From Page One)

Groff, 24 West Fifth street. Moving on a bit, you'll find a "live" exhibit of five weavers from the Frog Hollow Weaving studio, Boyertown RD 2. The weavers perform while you watch.

Then there's a valuable button collection belonging to Esther S. Nagle, Grandview road.

And for more collections, there are stamps, coins, salt and pepper shakers (an award winner), two Indian relic collections, license plates from all over lands and countries, dolls of all kinds and countries, and literally dozens more.

A BIG HIT at the show was a short wave radio transmitter with which patrons could have messages sent overseas to members of the armed forces, free of charge. About 50 took advantage of the offer, made by Pottstown Amateur Radio association.

There also was a car running up and down High street with a transmitter hooked up to the armory.

If your interest turns to live things, the show presents an incubator where baby chicks were being hatched and an aquarium of beautiful, multi-colored tropical fish.

Soap, quilts, tile ware, minerals, art collections, six antique automobiles, woodwork, auto-ographs—there are so many that only a first-hand visit can convey the idea of what's to be seen.

Bowen noted that this is the club's first annual hobby show, and said that from the success of this one, the club plans for many more.

Five Seniors to Attend Temple Career Day

Five Pottstown Senior High school pupils will attend Career Day at Temple university today.

The program for the day includes an address by President Robert L. Johnson of Temple and two vocation conferences. The pupils will then attend the Temple vs. Boston university football game.

Those attending are Marsha Koehel, Peggy Favinger, Nancy McMann, Ann Maxwell and Pat Major.

DOROTHY V. (BELL) LEVENGOOD, 38, 775 LINCOLN AVENUE, wife of Daniel W. Levengood, died last night at 6:30 o'clock at Memorial hospital. She had been ill for the past two years.

Born in Cedarville, daughter of the late John D. and Melissa A. (Shaner) Bell, she was a life-long resident of the Pottstown area.

She was a member of Seales Memorial Methodist church. Besides her husband, she leaves four daughters, Dawn L., wife of John Fazekas, 335 Ash street, Stowe; Dale Jo-Ann, Marion E., Melissa A., at home, and two sons, Daniel W. Jr., and Robert D., also at home.

Five sisters, Evelyn, wife of G. R. Saylor, Columbia, York county; Mildred, wife of Charles Lightcap, 338 South Hanover street, South Pottstown; Elaine, wife of William H. Dotterer, Gilbertsville RD 1; Diane, wife of Francis Rapp, Boyertown RD 1, and Ruth, wife of Laverne Kennedy, 234 Hopewell street, Birdsboro.

Also five brothers, Earle, Douglassville RD 1; Robert, 1151 Industrial avenue; Larry, 788 Lincoln avenue; David, 230 West King street, and Roy, 338 South Hanover street, South Pottstown. Funeral arrangements in charge of the Harley Funeral home, 404 High street, are incomplete.

Services for **GERALDINE M. (MILLER) VOGT**, wife of John L. Vogt, 59 WEST FOURTH STREET, were held yesterday at 2 p. m. at the Houck funeral home, 112 North Washington street.

The Rev. John B. Frantz, pastor of Trinity Reformed church, officiated.

Interment was made in Highland memorial park.

Bearers were Edward Hughes, Stanley Wheeler, Arnold Hatfield, Peter Lenhart, John Smith and Woodrow Baker.

Services for **FRANK BROOKE LEIGHTON**, husband of Florence H. (Umstead) Leighton, 54 CHESTNUT STREET, were held yesterday at 10:30 a. m. at the Houck funeral home, 112 North Washington street.

The Rev. Eugene B. Umberger, pastor of Transfiguration Lutheran church, officiated.

Interment was made in Mt. Zion cemetery.

Bearers—were Ralph Steiner, Leighton Steiner, Samuel Leighton Sr., Samuel Leighton Jr., Harry Fox and Earl Beecher.

Penn Village Man Faces Larceny, Drunk Charges

John Kane, 39, of 28 Boone court, Penn Village, was arrested last night on a double charge of petit larceny-drunkenness.

The larceny complaint was lodged by Helen M. Lewis, who said Kane had picked up \$1.60 of her money at the Commercial house grill, 151½ High street.

Kane will be arraigned before Police Justice Raymond C. Kelley for a hearing at 7 o'clock tonight. Sgt. Thomas A. Lawler and Patrolman Daniel Kegel investigated.

ARTHROSIS

Mrs. Carrie Groff, 322 S. Reading Ave., Boyertown, Pa., writes: "I had very stiff knees and hands and much pain in them. It was difficult for me to go up and down the stairs and walking was very painful and tiring. Since I have used Crownhill Mineral Water I am now relieved of all these troubles."

and windows and brought them around."

THE PHYSICIAN SAID, "They were lucky that that driver went up the road to their door, because the father (who works in Allentown) wouldn't have been home from work till 5 or 6 o'clock."

The driver reported that the fumes flooded the small, isolated house from the coal heater in the basement.

The physician said the mother and children had been nauseated as well as made unconscious by the gas fumes. He added, "But they'll come around all right."

The father was summoned home from work to look after them until they had recuperated.

The five children who were at home were Stanley Jr., 11, and Antonette, 6, who attends the school in Bally, Michael, 14; Linda, 4, and Andrew, 1.

In addition, Mr. and Mrs. Kowalski have a 17-year-old daughter, Josephine, who attends Central Catholic High school in Reading.

WEATHER —

The moon was full last night, and as any farmer will tell you, that usually brings a change in the weather.

There may be a change as early as this afternoon, as rain is due to arrive then.

low the present "Schultzville road" that generally parallels Route 100 but follows a much straighter course.

The relocation will keep the new Route 100 southeast of the Colebrookdale branch of the Reading company railroad, which now crosses Route 100 near New Berlinville, Lamb noted happily, and also will eliminate the sharp curve in the road near New Berlinville.

Lamb was notified of the latest bid-opening by C. H. Buckius, chief engineer of the State Highway department, and his contracting engineer, Simon Stock.

THE Bally-New Berlinville work will be under the direction of R. E. Boyer, Allentown, district traffic engineer for the State in Berks, Lehigh and Schuylkill counties.

Lamb said still another major improvement for the Pottstown area is passing the paper-work stage now. It is the improvement of a stretch of Route 73 from Hickory park, through New Hanover Square, Frederick and Obelisk to Zieglerville.

Lamb said bidding on this project will have to wait until improvement of Route 29 is finished, since that stretch of Route 73 would be the detour for Route 29 during the improvement work.

Collegeville Plant Name Change Set in Simplification Move

Collegeville's Ezee Flow plant will be re-christened Nov. 30.

The plant, acquired by the Avco Manufacturing corporation the past April, will have its name changed to the New Idea division of Avco, according to R. R. Mueller, acting general manager of New Idea at Coldwater, Ohio.

"This is a move to simplify Avco's corporate structure," Mueller said.

The general manager went on to say that the change "is a change in name only." It will not affect operations, products, management or personnel, he said.

The plant manufactures fertilizer spreaders for New Idea and for Avco's Ezee Flow division.

The production of spreaders will be continued for both outfits despite the name change.

New Idea's other plants are at Sandwich, Ill., Fort Dodge, Iowa, and Coldwater, Ohio.

OPTIMIST WEEK

NOV. 15-21
Every Boy Needs a Man's Helping Hand.

YOUR GEM STORY FOR TODAY

Again this year, we're announcing our annual Christmas Drawing. It's easy. You get a ticket just for coming into the store. You have nothing to buy, nothing to do.

It's our Christmas present to 11 lucky people of Pottstown and vicinity. Just look what you can win simply for coming into the store:

Ladies' Gold Bracelet Watch at \$215
Ladies' Diamond Watch at \$160
Ladies' Gold Watch at \$100
Men's Gold Watch at \$125
Men's Chronograph Watch at \$ 78
Set of Glastonbury Ware at \$ 79
Chime Clock at \$ 65
14K. Gold Pen Set at \$ 65
String of Pearls at \$ 60
Pin & Earring Set at \$ 40
String of Pearls at \$ 22

You have an excellent chance to win one of these gifts. In previous years we issued a ticket for every \$1.00 worth of merchandise, so naturally there were thousands of tickets and your chance to win was slight.

However this year we're giving only one ticket to a person. Whether you just stop in to say "Hello," or whether you buy a \$1.00 gift or a thousand dollar item; everyone has an equal chance.

This drawing starts next Wednesday and continues until Christmas Eve, so when you are Christmas Shopping, don't forget to stop and register. When you stop in, don't forget Christmas Gifts of Jewelry. You will agree they are the finest and at the lowest prices too.

See you next Saturday,

Foremen's Club Hears Speaker Talk On Organization at Dinner - Meeting

Good organization is the prime requisite for getting a job done, of Pottstown.

Carl E. Anderson told 175 members of the Executives' and Foremen's club at a dinner-meeting last night in the YMCA.

Anderson is vice president and director of operations of E. R. Squibb and sons, manufacturing chemists. Last night, he spoke on "How to Get a Job Done."

"There is too much tendency nowadays to delegate work to committees," Anderson noted, "and much time is lost, decisions are hard to reach and there are too many mealy-mouthed discussions."

Anderson then quoted this definition of a committee, stating there was more than a little truth in it. "A committee is a group composed of the unable, appointed by the unwilling to do the unnecessary."

PAUL H. BROWN, of Reading, presented the Pottstown club with an award of merit granted by the Industrial Management Council, Reading committee for the club's "outstanding 1952 programs."

President Miller C. Long, who presided last night, accepted on behalf of the club.

Anderson discussed several problems which have arisen because of specialization, stating that "if an individual has not specialized too long he is amenable to compromise, but if he has—then the ability to compromise is often lacking."

Many universities have recognized the problem and are broadening their courses, and industries, too, have taken steps to ease the problem, he said.

"Administrative techniques and sciences have not kept pace with advances in technology, however," he concluded.

Edward Levensgood introduced these guests: William Roberts, Plainfield, N. J.; William Tisdale, Ronald E. Brown, Henry Hoffman,

James Heslin, Robert Schwenk, all of Pottstown.

Mrs. Verna Sharp, president of the Women's Management club, Reading, and these club members attended the meeting as guests: Dorothy Reiminger, Minerva Ulrich, Dorothy Resch, Helen Gernert, Jean Yerger.

Chick Incubator Attracts Crowd at ABC Hobby Show

The always fascinating miracle of life being born into the world last night captured the attention of many area residents.

In this case, the attraction was a number of baby chicks being hatched in an incubator at the ABC hobby show.

Everyone had something to say about the exhibit, ranging from, "Gee, what do you know?" to "I hope the little devil makes it." This last comment was about a chick which had been struggling for a long time to free itself, but unfortunately had tried the wrong end of the shell.

He finally made it, however, and there were sighs of relief from the crowd clustered around.

THE FIRST sign of life was the thrusting of a beak through the shell of the egg, followed by an ever widening opening.

A moment of suspense followed, while the chick fought to get out of the shell, and then with one quick motion he was out.

The incubator will be there today, too, according to Joe Bowen, chairman of the show. It belongs to the Aaron Zook poultry farm and hatchery, Glen Moore.

HOBBY SHOW —

(Continued From Page One)

Groff, 24 West Fifth street. Moving on a bit, you'll find a "live" exhibit of live weavers from the Frog Hollow Weaving studio, Boyertown Rd. 2. The weavers perform while you watch.

Then there's a valuable button collection belonging to Esther S. Nagle, Grandview road.

And for more collections, there are stamps, coins, salt and pepper shakers (an award winner), two Indian relic collections, license plates from all over, lamps, cups and saucers, dolls of all kinds and countries, and literally dozens more.

A BIG HIT at the show was a short wave radio transmitter with which patrons could have messages sent overseas to members of the armed forces, free of charge. About 50 took advantage of the offer, made by Pottstown Amateur Radio association.

There also was a car running up and down High street with a transmitter hooked up to the armory.

If your interest turns to live things, the show presents an incubator where baby chicks were being hatched, and an aquarium of beautiful, multi-colored tropical fish.

Soap, quilts, tile ware, minerals, art collections, six antique automobiles, woodwork, a u-topograph—there are so many that only a first-hand visit can convey the idea of what's to be seen.

Bowen noted that this is the club's first annual hobby show, and said that from the success of this one, the club plans for many more.

Five Seniors to Attend Temple Career Day

Five Pottstown Senior High school pupils will attend Career Day at Temple university today.

The program for the day includes an address by President Robert L. Johnson of Temple and two vocation conferences. The pupils will then attend the Temple vs. Boston university football game.

The Rev. Eugene B. Umberger, pastor of Transfiguration Lutheran church, officiated.

Interment was made in Mt. Zion cemetery.

Bearers were Ralph Steiner, Leighton Steiner, Samuel Leighton Sr., Samuel Leighton Jr., Harry Fox and Earl Beecher.

Penn Village Man Faces Larceny, Drunk Charges

John Kane, 39, of 28 Boone court, Penn Village, was arrested last night on a double charge of petit larceny-drunkedness.

The larceny complaint was lodged by Helen M. Lewis, who said Kane had picked up \$1.60 of her money at the Commercial house grill, 151½ High street.

Kane will be arraigned before Police Justice Raymond C. Kelley for a hearing at 7 o'clock tonight. Sgt. Thomas A. Lawler and Patrolman Daniel Kegel investigated.

ARTHRITIS

Mrs. Carrie Groff, 322 S. Reading Ave., Boyertown, Pa., writes: "I had very stiff knees and hands and much pain in them. It was difficult for me to go up and down the stairs and walking was very painful and tiring. Since I have used Crownhill Mineral Water I am now relieved of all these troubles."

and windows and brought them around."

THE PHYSICIAN SAID, "They were lucky that that driver went up the road to their door, because the father (who works in Allentown) wouldn't have been home from work till 5 or 6 o'clock."

The driver reported that the fumes flooded the small, isolated house from the coal heater in the basement.

The physician said the mother and children had been nauseated as well as made unconscious by the gas fumes. He added, "But they'll come around all right."

The father was summoned home from work to look after them until they had recuperated.

The five children who were at home were: Stanley Jr., 11, and Antoinette, 6, who attends the school in Bally; Michael, 14; Linda, 4, and Andrew, 1.
